## UnitedHealthcare Benefits Plan of California

### Schedule of Benefits

#### IMPORTANT NOTICE - LIMITATIONS ON PROVIDER NETWORK AVAILABILITY

Benefits are restricted to Covered Health Care Services provided by Network providers for the following: Acupuncture Services; Cellular and Gene Therapy; Durable Medical Equipment (DME); Habilitative Services and Manipulative Treatment; Lab, X-Ray and Diagnostics - Outpatient; Obesity - Weight Loss Surgery; Ostomy Supplies; Preventive Care Services; Rehabilitation Services - Outpatient Therapy and Manipulative Treatment; Transplantation Services; Urinary Catheters; Virtual Care Services; Vision Exams This limitation does not apply to Emergency Health Care Services.

Enrolled Dependents who do not reside with the Subscriber and live outside the Service Area must see a Network Provider in order to obtain benefits for the Covered Health Care Services mentioned above.

Benefits are available from both Network providers and out-of-Network providers except as listed above. Covered Health Care Services are payable by us at a higher Benefit level from Network providers, and Covered Health Care Services obtained from out-of-Network providers are payable by us at a lower Benefit level.

#### DIRECTORY OF NETWORK PROVIDERS

The current directory of Network providers is available online at [www.myuhc.com](http://www.myuhc.com). You may obtain a paper copy of the network provider directory at no cost by calling the telephone number shown on your ID card.

#### AVAILABILITY OF TELEPHONE TRIAGE OR SCREENING SERVICES

Triage or screening services are the assessment of a Covered Person's health concerns and symptoms through communication, with a Physician, registered nurse or other qualified health professional acting within his or her scope of practice who is trained to screen or triage a Covered Person who may need care for the purpose of determining the urgency of the Covered Person's need for medical services. To access triage or screening services you should contact Customer Care during normal business hours at the telephone number on your ID card.

In addition, you can call the number on the back of your card or log into [myuhc.com](http://myuhc.com) to get connected with a health professional at any time. Here are some of the ways they can help you:

- Choose appropriate medical care.
- Provide guidance for current symptoms 24/7 (via a clinician).
- Find doctors or hospitals that meet your needs and preferences.
- Locate an urgent care center and other health resources in your area.

To use this convenient service, simply call the toll-free number on the back of your ID card or log into [myuhc.com](http://myuhc.com).

- *Note:* If you have a medical emergency, call 911 or go to the nearest emergency room.

Although triage or screening services are available 24 hours per day, 7 days per week, it is not intended to replace or interfere with normal Physician/patient communication.

#### NETWORK PROVIDER ACCESSIBILITY COMPLAINTS:

**If you have a complaint regarding your ability to access Covered Health Care Services from a Network provider in a timely manner, call the telephone number shown on your ID card. If you would rather send your complaint to us in writing, the Customer Care representative can provide you with the appropriate address. If your complaint is not resolved, you may contact the Department of Managed Health Care (DMHC) Help Center at the toll-free telephone number (1-888-466-2219) to receive assistance with this process, or submit an inquiry in writing to the DMHC, California Help Center, 980 9th Street, Suite 500, Sacramento, CA 95814-2725 or through the website: <http://www.dmhc.ca.gov>. The hearing- and speech- impaired may use the California Relay Service's toll-free telephone number 1-800-735-2929 or 1-888-877-5378 (TTY).**

#### **ACCESS TO A NETWORK PROVIDER**

**If medically appropriate care from a qualified provider cannot be provided within the Network, we will arrange for the required care with an available and accessible out-of-Network provider. You will only be responsible for paying the cost sharing in an amount equal to the cost sharing you would have otherwise paid for that service or a similar service if you had received the Covered Health Care Service from a Network provider.**

## **How Do You Access Benefits?**

### **Selecting a Network Primary Care Physician**

You may select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Subscriber, in order to obtain Network Benefits. In general health care terminology, a Primary Care Physician may also be referred to as a PCP. A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and promote continuity of care. However, you are not required to obtain Primary Care Physician visits from your selected or assigned Network Primary care Physician. If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is located in the geographic area of the permanent residence of the Subscriber, for that child. You may designate a Network Primary Care Physician by calling the telephone number shown your ID card or by visiting [www.myuhc.com](http://www.myuhc.com).

You may select any Network Primary Care Physician who is located in the geographic area of the permanent residence of the Subscriber and is accepting new patients. You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. You may designate a Network Physician who specializes in obstetrics or gynecology. For obstetrical or gynecological care, you do not need a referral from a Network Primary Care Physician and may seek care directly from any Network Physician who specializes in obstetrics or gynecology. You do not need a referral prior to receiving Covered Health Care Services for reproductive and sexual health care.

You can get a list of Network Primary Care Physicians, Network obstetricians and gynecologists and other Network providers through [www.myuhc.com](http://www.myuhc.com) or the telephone number on your ID card.

You may change your Network Primary Care Physician through the telephone number shown on your ID card or [www.myuhc.com](http://www.myuhc.com). Changes are permitted once per month. Changes submitted on or before the 15th of the month will be effective on the first day of the following month. Changes submitted on or after the 16th of the month will be effective on the first day of the second following month.

You can choose to receive Network Benefits or Out-of-Network Benefits.

**Network Benefits** apply to Covered Health Care Services that are provided by a Network Physician or other Network Provider.

**Emergency Health Care Services Provided by an Out-of-Network Provider** - Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under Allowed Amounts as described in this *Schedule of Benefits*. **For Emergency Health Care Services in an emergency department of a Hospital, prior authorization is not required, regardless of whether the provider is**

**a Network Provider under the plan, and subject to the same cost sharing required if the services were provided by Network Provider. You will not pay more than the Network cost sharing amount.**

**Covered Health Care Services that are NOT Emergency Health Care Services Provided by an Out-of-Network Provider that is not chosen by you** - Covered Health Care Services that are provided at a Network facility by an out-of-Network facility based Physician, or as a result of receiving services in a contracting facility, when not Emergency Health Care Services, will be reimbursed as set forth under Allowed Amounts in this *Schedule of Benefits*. **You will not pay more than the Network cost sharing amount. The Network cost sharing amount means the same cost sharing that you would pay for the same Covered Health Care Services if they were received from a contracting individual health professional. Additionally, the Network deductible and out-of-pocket limit apply for Covered Health Care Services rendered by an out-of-Network provider in a Network contracting health facility, or as a result of receiving services in a contracting facility, including a hospital, ambulatory surgery or other outpatient setting, laboratory and radiology or imaging center. When you receive Covered Health Care Services from a Network facility and as a result of which, you receive additional Covered Health Care Services from an out-of-Network individual health professional, you will not pay more than the Network cost sharing amount.**

**Covered Health Care Services Provided by an Out-of-Network Provider that are NOT Emergency Health Care Services from an out-of-Network facility based Physician that you have chosen** - Covered Health Care Services that are provided at a Network facility by an out-of-Network facility based Physician, when not Emergency Health Care Services, will be reimbursed as set forth under Allowed Amounts as described in this *Schedule of Benefits*. **As a result, you may be responsible for the difference between the amount billed by the out-of-Network facility based Physician and the reimbursement amount that is an Allowed Amount. The payments you make to out-of-Network facility based Physicians for charges above the Allowed Amounts do not apply towards any applicable Out-of-Pocket Limit.**

An out-of-Network facility based Physician may bill or collect the out-of-network cost sharing from you, if applicable, only when you consent in writing and that written consent demonstrates satisfaction of all the following criteria:

- At least 24 hours in advance of care, you consent in writing to receive Covered Health Care Services from the identified out-of-Network facility based Physician.
- The consent must be obtained by the out-of-Network facility based Physician in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent cannot be obtained by the facility or any representative of the facility. The consent cannot be obtained at the time of admission or at any time when you are being prepared for surgery or any other procedure.
- At the time consent is provided, the out-of-Network facility based Physician must give you a written estimate of your total out-of-pocket cost of care. The written estimate must be based on the out-of-Network based Physician's billed charges for the Covered Health Service to be provided. The Out-of-Network facility based Physician cannot attempt to collect more than the estimated amount without receiving separate written consent from you or your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the out-of-Network facility based Physician to change the estimate.
- The consent must advise you that you may elect to seek care from a Network provider or may contact us in order to arrange to receive the Covered Health Care Service from a Network provider for lower out-of-pocket costs.
- The consent and estimate must be provided to you in the language spoken by you, if the language is a Medi-Cal threshold language, as defined in subdivision (d) of Section 128552 of the California Health and Safety Code.

The consent must advise you that any costs incurred as a result of your use of the out-of-Network Benefit must be in addition to the Network cost-sharing amounts and may not count toward the annual Out-of-Pocket Limit on Network Benefits or a deductible, if any, for Network benefits.

If you disagree with an Allowed Amounts determination, you can request an appeal. The complaint and appeals process is described under Section 6: Questions, Complaints and Appeals in the Evidence of Coverage. You may also call us at the telephone number on your ID card.

**Out-of-Network Benefits** apply to Covered Health Care Services that are provided by an out-of-Network Physician or other out-of-Network provider, or Covered Health Care Services that are provided at an out-of-Network facility.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

**Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.**

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Group, this *Schedule of Benefits* will control.

## **Does Prior Authorization Apply?**

We require prior authorization for certain Covered Health Care Services. In general, Network providers are responsible for obtaining prior authorization before they provide these services to you. There are some Network Benefits, however, for which you are responsible for obtaining prior authorization. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category. You are not required to obtain prior authorization to obtain direct access to Covered Health Care Services for reproductive and sexual health care services.

You do not need a referral to obtain Covered Health Care Services for women's reproductive and sexual health care services. Reproductive and sexual healthcare services include the following:

- Prevention or treatment of pregnancy.
- Prevention, diagnosis and treatment of an infectious, communicable or sexually transmitted disease, including HIV.
- Abortion.
- Treatment of rape or sexual assault, including medical care related to the diagnosis or treatment of the conditions and collection of medical evidence.

**Prior authorization is not required for emergent or urgent services.**

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

**When you choose to receive certain Covered Health Care Services from out-of-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when an out-of-Network provider intends to admit you to a Network facility or to an out-of-Network facility or refers you to other Network or out-of-Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.**

**To obtain prior authorization, call the telephone number on your ID card.** This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings.

Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

### **Covered Health Care Services which Require Prior Authorization**

**Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.**

- Ambulance - non-emergent air and ground.
- Cellular and Gene Therapy.
- Clinical trials.
- Congenital heart disease surgery.
- Diabetes equipment - insulin pumps over \$1,000
- Fertility Preservation for Iatrogenic Infertility
- Habilitative Services.
- Home health care.
- Hospice care - inpatient.
- Hospital inpatient care - all scheduled admissions and maternity stays exceeding 48 hours for normal vaginal delivery or exceeding 96 hours for a cesarean section delivery. Initial maternity stays up to 48 hours for vaginal delivery and up to 96 hours for a cesarean delivery are exempt from prior authorization. Prior authorization is not required for Emergency admissions.
- Major Diagnostic and Imaging - Outpatient
- Mastectomy Services
- Mental Health Care and Substance Related and Addictive Disorders Services - inpatient services (including services at a Residential Treatment facility). Prior authorization only applies to non-Emergency inpatient admissions. Prior authorization needed before the following services are received: Partial Hospitalization/Day Treatment; Intensive Outpatient Treatment programs; outpatient electro-convulsive treatment; psychological testing; transcranial magnetic stimulation; extended outpatient treatment visits, with or without medication management; Intensive Behavioral Therapy, including *Applied Behavior Analysis (ABA)*.
- Preimplantation Genetic Testing (PGT) and Related Services
- Prosthetic devices over \$1,000 in cost per device.
- Reconstructive procedures, including breast reconstruction surgery following mastectomy.
- Skilled Nursing Facility and Inpatient Rehabilitation Facility services.
- Surgery - only for the following outpatient surgeries: cardiac catheterization, pacemaker insertion, implantable cardioverter defibrillators, diagnostic cardiac catheterization and cardiac electrophysiology implant and sleep apnea surgeries.
- Temporomandibular joint services.
- Therapeutics - only for the following services: intensity modulated radiation therapy and MR-guided focused ultrasound.
- Transplantation Services.

For Covered Health Care Services that do not require you to obtain prior authorization, when you choose to receive services from out-of-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Care Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care

Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, our final coverage determination will be changed to account for those differences, and we will only pay Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid. If you have a question regarding a determination of whether a service is Medically Necessary, call the telephone number on your ID card. If you disagree with a determination of whether a service is Medically Necessary, you can request an appeal. The complaint and appeals process is described under *Section 6: Questions, Complaints and Appeals* in the Evidence of Coverage. You may also call *Customer Care* at the telephone number on your ID card.

## Care Management

When you seek prior authorization as required, we will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

## Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Care Services.

## What Will You Pay for Covered Health Care Services?

Benefits for Covered Health Care Services are described in the tables below.

Annual Deductibles are calculated on a calendar year basis.

Out-of-Pocket Limits are calculated on a calendar year basis.

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

## Allowed Amounts

Benefits for Covered Health Care Services are based on Allowed Amounts. Allowed Amounts are the amount we determine that we will pay for Benefits. For Network Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills. For Covered Health Care Services provided by an out-of-Network provider (other than services otherwise arranged by us, or services received from a Network Physician or other provider at a Network facility), you will be responsible to the out-of-Network provider for any amount billed that is greater than the amount we determine to be an Allowed Amount as described below. For Out-of-Network Benefits, you are responsible for paying, directly to the out-of-Network provider, any difference between the amount the provider bills you and the amount we will pay for Allowed Amounts. Allowed Amounts are determined solely in accordance with our reimbursement policy guidelines, as described in the *Agreement*.

**For Network Benefits**, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by us, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please

contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

**For Out-of-Network Benefits,** Allowed Amounts are based on either of the following:

- When Covered Health Care Services are received from an out-of-Network provider, Allowed Amounts are calculated, based on:
  - Negotiated rates agreed to by the out-of-Network provider and either us or one of our vendors, affiliates or subcontractors.
  - Certain Covered Health Care Services apply an Allowed Amount as shown below.
    - ◆ Facility fees for services provided as described under *Surgery - Outpatient* in the Agreement: up to \$760 per date of service.
    - ◆ Home health care services, for which Benefits are provided as described under *Home Health Care* in the Agreement: up to \$150 per visit.
  - If rates have not been negotiated, then one of the following amounts:
    - ◆ Allowed Amounts are determined based on 100% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market, with the exception of the following:
      - ▶ 50% of *CMS* for the same or similar laboratory service.
      - ▶ 45% of *CMS* for the same or similar durable medical equipment, or *CMS* competitive bid rates.
    - ◆ When a rate is not published by *CMS* for the service, we use an available gap methodology to calculate a rate for the service as follows:
      - ▶ For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at [www.myuhc.com](http://www.myuhc.com) for information regarding the vendor that provides the applicable gap fill relative value scale information.
      - ▶ For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems, Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.
      - ▶ When a rate for a laboratory service is not published by *CMS* for the service and gap methodology does not apply to the service, the rate is based on the average amount negotiated with similar Network providers for the same or similar service
      - ▶ When a rate for all other services is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically put in place within 30 to 90 days after *CMS* updates its data.

**IMPORTANT NOTICE:** Out-of-Network providers at a Network facility may not bill you for any difference between the provider's billed charges and the Allowed Amount described here.

**For Covered Health Care Services received at a Network facility on a non-Emergency basis from an out-of-Network facility based Physician that is not chosen by you, or as result of receiving services in a contracting facility,** the Allowed Amount is based on the greater of 125% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* or the average contracted rate for the same or similar service within the geographic market.

**IMPORTANT NOTICE:** Out-of-Network facility based Physicians at a Network facility that are not chosen by you, or as a result of receiving services in a contracting facility, may not bill you for any difference between the Physician's billed charges and the Allowed Amount described here.

**Please refer to "Selecting a Network Primary Care Physician" provision under "How Do You Access benefits", at the beginning of this Schedule of benefits, for more information related to "Covered Health Care Services Provided by an Out-of-Network Provider that are NOT Emergency Health Services from an out-of-Network facility based Physician that you have chosen" for more information.**

**For Covered Health Care Services received at a Network facility on a non-Emergency basis from an out-of-Network facility based Physician that you have chosen,** the Allowed Amount is based on 110% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for the same or similar service within the geographic market with the exception of the following:

- 50% of CMS for the same or similar laboratory service.
- 45% of CMS for the same or similar durable medical equipment, or CMS competitive bid rates.

When a rate is not published by CMS for the service, we use a gap methodology established by OptumInsight and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and OptumInsight are related companies through common ownership by UnitedHealth Group. Refer to our website at [www.myuhc.com](http://www.myuhc.com) for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by CMS, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by RJ Health Systems, Thomson Reuters (published in its Red Book), or UnitedHealthcare based on an internally developed pharmaceutical pricing resource.

When a rate is not published by CMS for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 50% of the provider's billed charge.

**IMPORTANT NOTICE:** When you choose to use Out-of-Network facility based Physicians, they may bill you for any difference between the Physician's billed charges and the Allowed Amount described here.

**For Emergency Health Care Services and Emergency ambulance transportation provided by an out-of-Network provider,** the Allowed Amount is a rate agreed upon by the out-of-Network provider or determined based upon the higher of:

- The median amount negotiated with Network providers for the same service.
- 100% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service within the geographic market.

When a rate is not published by CMS for the service, we use a gap methodology established by OptumInsight and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and OptumInsight

are related companies through common ownership by *UnitedHealth Group*. Refer to our website at [www.myuhc.com](http://www.myuhc.com) for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

**IMPORTANT NOTICE:** When you choose to use Out-of-Network facility based Physicians, they may bill you for any difference between the Physician's billed charges and the Allowed Amount described here.

**For Emergency Health Care Services and Emergency ambulance transportation provided by an out-of-Network provider**, the Allowed Amount is a rate agreed upon by the out-of-Network provider or calculated based upon the greater of:

- The median amount negotiated with Network providers for the same service.
- The amount for the Emergency Health Care Service calculated using the same method used for Out-of-Network Benefits." Please see the provision titled "**For Out-of-Network Benefits, Allowed Amounts are based on either of the following**" under the Allowed Amounts section in the Schedule of Benefits for additional information.
- The amount that would be paid under Medicare for the Emergency Health Care Service, excluding any Network Co-payment or Co-insurance.

**IMPORTANT NOTICE:** Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

**IMPORTANT NOTICE:** Out-of-Network providers at a Network facility may not bill you for any difference between the provider's billed charges and the Allowed Amount described here.

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.

## Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at [www.myuhc.com](http://www.myuhc.com) or the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

## Second Medical Opinion

A second medical opinion is a reevaluation of your condition or health care treatment by an appropriately qualified Physician or appropriately qualified health care professional. When a second opinion is requested by you or by a Network Physician or health professional that is treating you, we will authorize a second opinion by an appropriately qualified health care professional. The Physician or appropriately qualified health care professional acting within his or her scope of practice must possess the clinical background necessary for examining the illness or condition associated with the request for a second medical opinion.

Second medical opinions will be provided or authorized in the following circumstances:

- When you question the reasonableness or necessity of recommended surgical procedures;
- When you question a diagnosis or treatment plan for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment (including, but not limited to, a chronic condition);
- When the clinical indications are not clear, or are complex and confusing;
- When a diagnosis is in doubt due to conflicting test results;
- When the treating Physician is unable to diagnose the condition;
- When the treatment plan in progress is not improving your medical condition within an appropriate period of time given the diagnosis, and you request a second opinion regarding the diagnosis or continuance of the treatment;
- When you have attempted to follow the treatment plan or consulted with the initial treating Physician and still have serious concerns about the diagnosis or treatment.

In most cases, you or your treating Physician or health care professional will request a second medical opinion without consulting us. However, in the event that we approve a request by you for a second medical opinion, you shall be responsible only for the costs of applicable co-payments that are required for similar referrals.

The second medical opinion will be documented in a consultation report, which will be made available to you and your treating Physician or health care professional. It will include any recommended procedures or tests that the Physician or health care professional giving the second opinion believes are appropriate.

**Please Note:** The fact that an appropriately qualified Physician or health care professional gives a second medical opinion and recommends a particular treatment, diagnostic test or service does not necessarily mean that the recommended action is medically necessary or a Covered Health Care Service. If the recommended action is not medically necessary or is not a Covered Health Care Service, you will also remain responsible for paying any appropriate fees to the Physician or health care professional that performs that recommended action.

## Health Care Services from Out-of-Network Providers Paid as Network Benefits

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Primary Care Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Primary Care Physician to coordinate care through an out-of-Network provider.

Network Providers include Physicians, Specialists, other health care providers, Hospitals, and other facilities that contract with us to provide services to our Members.

# Your Responsibilities

## Enrollment and Required Contributions

Benefits are available to you if you are enrolled for coverage under the Agreement. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the requirements of the Agreement issued to your Group, including the eligibility requirements.
- You must qualify as a Subscriber or a Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Group may require you to make certain payments to them, in order for you to remain enrolled under the Agreement. If you have questions about this, contact your Group.

## Be Aware the Agreement Does Not Pay for All Health Care Services

The Agreement does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

## Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

## Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

## Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. In general, Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Care Services from an out-of-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

## Timely Access To Care

The purpose of the timely access law is to make sure you get the care you need. Sometimes you need appointments even sooner than the law requires. In this case, your Physician can request that the appointment be sooner.

**Sometimes waiting longer for care is not a problem. Your provider may give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health.**

If Medically Necessary care is not available from a Network provider and cannot be arranged timely, your Network will make alternate arrangements for the required care with an available and accessible out-of-Network provider. You will only be responsible for paying the cost sharing in an amount equal to the cost

sharing you would have otherwise paid for that service or a similar service if you had received the Covered Health Care Service from a Network provider.

**In-person appointment wait times:**

<b>Urgent Appointments</b>	<b>Wait time</b>
For services that do not need prior authorization	48 hours
For services that do need prior authorization	96 hours
<b>Non-Urgent Appointments</b>	<b>Wait time</b>
Primary care appointment	10 business days
Specialist appointment	15 business days
Appointment with a mental health care Provider (who is not a Physician)	10 business days
Appointment for other services to diagnose or treat an injury, illness or other health condition	15 business days

**Telephone wait times:**

**You can call 24-hours-a-day, 7 days a week to talk to a qualified health professional to decide if your health problem is urgent. If someone needs to call you back, they must call you within 30 minutes. Look for the phone number on your ID card.**

**If you call the number at the back of your ID card, someone should answer the phone within 10 minutes during normal business hours.**

## Pay Your Share

You must meet any applicable Deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable Deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds the Allowed Amount.

## Annual Deductible

The Annual Deductible is the amount incurred for a Covered Health Care Service that you are responsible for paying before benefits are payable under the Agreement. The amounts applied towards the Annual Deductible are based upon UnitedHealthcare Benefits Plan of California's contracted rate. The Deductible is waived for certain covered services. Please refer to the *Schedule of Benefits* for detailed information on the Deductible amount and Covered Health Care Services subject to the Deductible. If your coverage includes a Deductible, we will not cover certain services until you meet the Deductible each year. The Annual Deductible is in addition to any Co-payment responsibility. The Annual Deductible applies to the Out-of-Pocket Limit.

## Out-of-Pocket Limit

For certain Covered Health Care Services, there is a limit placed on the total amount you pay for Co-payments during a calendar year. This limit is called your Out-of-Pocket Limit, and when you reach it, for the remainder of the calendar year, you will not pay any additional Co-payments for these Covered Health Care Services. Co-payments paid for certain Covered Health Care Services are not applicable to a Member's Out-of-Pocket Limit; these services are specified in the *Schedule of Benefits*.

**Note:** The Out-of-Pocket Limit applies to Covered Health Care Services under the Agreement as indicated in this *Schedule of Benefits*, including Covered Health Care Services provided under the *Outpatient Prescription Drug Rider*, if applicable.

## What If You Get a Bill?

If you are billed for a Covered Health Care Service provided or authorized by us or if you receive a bill for Emergency Health Care or Urgently Needed Services, you should do the following:

1. Call the provider, then let them know you have received a bill in error and you will be forwarding the bill to UnitedHealthcare Benefits Plan of California.
2. Give the provider your Health Plan information, including your name and UnitedHealthcare Benefits Plan of California Member number.
3. Forward the bill to:

UnitedHealthcare Benefits Plan of California  
Claims Department  
P.O. BOX 30555  
Salt Lake City, UT 84130-0555

Include your name, your Health Plan ID number and a brief note that indicates you believe the bill is for a Covered Health Care Service. The note should also include the date of service, the nature of the service and the name of the provider who authorized your care. If you need additional assistance, call the telephone number on your ID card.

Please Note: Your provider will bill you for services that are not covered by UnitedHealthcare Benefits Plan of California or haven't been properly authorized. You may also receive a bill if you have exceeded UnitedHealthcare Benefits Plan of California's coverage limit for a benefit.

If you receive Covered Health Care Services in a Network contracting health care facility but from an Out-of-Network individual health professional, you are only required to pay the Co-payment/ Deductible amount specified in your Schedule of Benefits. A Network "contracting health facility" includes, but not

limited to, a licensed hospital; ambulatory surgery center or other outpatient setting, lab, radiology or imaging center. You should not be billed more than the amounts shown on your Schedule of Benefits.

## **Pay the Cost of Excluded Services**

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Agreement's exclusions.

## **Show Your ID Card**

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

## **File Claims with Complete and Accurate Information**

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

## **Use Your Prior Health Care Coverage**

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Agreement for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

# Our Responsibilities

## Determine Benefits

We make administrative decisions regarding whether the Agreement will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the final authority to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Combined Evidence of Coverage and Disclosure Form*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for the Agreement, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

## Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Agreement.

## Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

## Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*. Out-of-Network Providers may not balance bill you for Emergency Health Care Services. For Emergency Health Care Services, you are only required to pay the Co-payment amount specified in your *Schedule of Benefits*.

For emergency medical transportation bills, UnitedHealthcare will pay for the reasonable and customary value as determined by UnitedHealthcare minus any member cost-share. You are responsible to pay the outstanding balance. Other than your cost share, any remaining balance does not apply to your out-of-pocket maximum.

## Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.

- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting us at [www.myuhc.com](http://www.myuhc.com) or the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at [www.myuhc.com](http://www.myuhc.com) for information regarding the vendor that provides the applicable methodology.

## **Offer Health Education Services to You**

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

# Section 1: Covered Health Care Services

## When Are Benefits Available for Covered Health Care Services?

Benefits are available only when all of the following are true:

- The health care service, including supplies or Pharmaceutical Products, is only a Covered Health Care Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Care Service in *Section 9: Defined Terms*.)
- You receive Covered Health Care Services while the Agreement is in effect.
- You receive Covered Health Care Services prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.
- The person who receives Covered Health Care Services is a Covered Person and meets all eligibility requirements specified in the Agreement.

The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Care Service under the Agreement.

This section describes Covered Health Care Services for which Benefits are available. Please refer to the attached *Schedule of Benefits* for details about:

- The amount you must pay for these Covered Health Care Services (including any Annual Deductible, Co-payment and/or Co-insurance).
- Any limit that applies to these Covered Health Care Services (including visit, day and dollar limits on services).
- Any limit that applies to the portion of the Allowed Amount you are required to pay in a year (Out-of-Pocket Limit).
- Any responsibility you have for obtaining prior authorization or notifying us.

***Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."***

Routine patient care costs incurred while taking part in an approved clinical trial for the treatment of:

A Member is considered a Qualified Individual if the Member is eligible to take part in the approved clinical trial according to the trial's protocol and either a Network treating Physician has concluded that the Member's participation in the trial would be appropriate because the Member meets the trial protocol; or

the Member self-refers to the trial and has provided medical and scientific information to establish that participation in the trial is consistent with the trial protocol.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from taking part in a qualifying clinical trial.

Benefits are available only when you are clinically eligible, as determined by the researcher, to take part in the qualifying clinical trial.

  - Certain *Category B* devices.
  - Certain promising interventions for patients with terminal illnesses. Certain promising interventions refer to treatment that is likely safe but where limited to and/or conflicting evidence exists regarding its effectiveness.
  - Other items and services that meet specified criteria in accordance with our medical and drug policies.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
  - *National Institutes of Health (NIH)*. (Includes *National Cancer Institute (NCI)*.)
  - *Centers for Disease Control and Prevention (CDC)*.

- The drug is prescribed by a Network Physician or provider for the treatment of a seriously debilitating or Life-Threatening condition.

- The drug must be recognized for treatment of the condition for which the drug is being prescribed by any of the following: (1) the *American Hospital Formulary Service's Drug Information*; (2) one of the following compendia, if recognized by the federal Centers for Medicare and Medicaid Services as part of an anticancer chemotherapeutic regimen: *Elsevier Gold Standard's Clinical Pharmacology*, *National Comprehensive Cancer Network Drug and Biologics Compendium*, or *Thomson Micromedex DrugDex*; or (3) it is recommended by two clinical studies or review articles in major peer reviewed professional journals that present data supporting the proposed off-label drug use or uses as generally safe and effective unless there is clear and convincing contradictory evidence presented in a major peer-reviewed medical journal. However, there is no coverage for

any drug that the *FDA* or a major peer reviewed medical journal has determined to be contraindicated for the specific treatment for which the drug has been prescribed.

Benefits for Experimental or Investigational Services are limited to the following:

- Clinical trials for which Benefits are available as described under *Clinical Trials* above.
- If you are not a participant in a qualifying clinical trial, as described under *Clinical Trials* above, and have a health condition that is likely to cause death within one year of the request for treatment, we may consider an otherwise Experimental or Investigational Service to be a Covered Health Care Service for that health condition. Prior to such a consideration, we must first establish that the member has a life-threatening or seriously debilitating condition, and there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that health condition.

Nothing in this section shall prohibit us from use of a formulary, Co-payments or Co-insurance, and or the use of a technology assessment panel or similar mechanism as a means for appropriately controlling the utilization of a drug that is prescribed for a use that is different than the use for which the drug has been approved for marketing by the *FDA*. The verbal consent shall be documented in the Covered Person's medical record.

We shall not require the use of telehealth services when the health care provider has determined that it is not appropriate. The appropriate use of Telehealth services is determined by the treating Physician pursuant to his or her agreement with us.

Telehealth services do not include virtual care services provided by a Designated Virtual Network Provider for which Benefits are provided as described under *Virtual Care Services*.

## Section 3: When Coverage Begins

### How Do You Enroll?

Eligible Persons must complete an enrollment form given to them by the Group. The Group will submit the completed forms to us, along with any required Premium. We will not provide Benefits for health care services that you receive before your effective date of coverage. Please refer to your employer group for more information about contribution and amounts.

### What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Agreement.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

### What If You Are Eligible for Medicare?

Your Benefits may be reduced if you are enrolled in a *Medicare Advantage* (Medicare Part C) plan but do not follow the rules of that plan. Please see *Medicare Eligibility* in *Section 8: General Legal Provisions* for more information about how Medicare may affect your Benefits.

### Who Is Eligible for Coverage?

The Group determines who is eligible to enroll and who qualifies as a Dependent.

#### Eligible Person

Eligible Person usually refers to an employee or member of the Group who meets the eligibility rules. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must live within the United States.

If both spouses are Eligible Persons of the Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

#### Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Agreement.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

## **When Do You Enroll and When Does Coverage Begin?**

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

### **Initial Enrollment Period**

When the Group purchases coverage under the Agreement from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Agreement. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

### **Open Enrollment Period**

The Group sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

### **New Eligible Persons**

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

### **Adding New Dependents**

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

All newborn Dependent children of the Subscriber are covered from the moment of birth. All newly adopted Dependent children of the Subscriber are covered from and after the moment the child is placed in the physical custody of the Subscriber for adoption. However, the Subscriber must complete an enrollment form for all newborn and all newly adopted Dependent children within 60 days of the event.

Coverage for the Dependent begins on the date of the event. We must receive the completed enrollment form within 60 days of the event.

### **Special Enrollment Period**

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.
- Assumption of a Parent-Child Relationship or Guardianship.

## **Late Enrollment**

In addition to a special enrollment period there are circumstances when an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period may enroll if:

- The Eligible Employee (on his or her own behalf, or on behalf of any eligible Family Members) declined in writing to enroll in UnitedHealthcare when they were first eligible because they had other health care coverage;
- We cannot produce a written statement from the Employer Group or eligible employee stating that prior to declining coverage, the eligible employee (on his or her own behalf, or on behalf of any eligible Family Members) was provided with, and signed, acknowledgment of, an explicit written notice in boldface type specifying that failure to elect coverage with us during the initial enrollment period permits the Company to impose, beginning on the date the eligible employee (on his or her behalf, or on behalf of any eligible Dependents) elects coverage under the Health Plan, an exclusion of coverage under the Health Plan for a period of 12 months unless the eligible employee or Family Member can demonstrate that he or she meets the requirements for late enrollment.
- The other health care coverage is no longer available due to:
  - The employee or eligible Family Member has exhausted COBRA continuation coverage under another group Health Plan; or
  - The termination of employment or reduction in work hours of a person through whom the employee or eligible Family Member was covered; or
  - The termination of the other Health Plan coverage; or
  - The cessation of an employer's contribution toward the employee or eligible Family Member coverage; or
  - The death, divorce or legal separation of a person through whom the employee or eligible Family Member was covered;
  - The loss of coverage under the Healthy Families Program as a result of exceeding the program's income or age limits, or loss of no share-of-cost Medi-Cal coverage; or
  - The employee or eligible Family Member incurs a claim that would exceed a lifetime limit on all benefits; or
  - The employee or eligible Family Member previously declined coverage under the Health Plan, but the employee or eligible Family Member becomes eligible for a premium assistance subsidy under Medicaid or Children's Health Insurance Program (CHIP), or the AIM Program. Coverage will begin only if we receive the completed enrollment application and any required Health Plan Premiums within 60 days of the date of the determination of subsidy eligibility; or
  - The employee or eligible Family Member loses eligibility under Medicare or Children's Health Insurance Program (CHIP), the AIM Program, or the Medi-Cal program. Coverage will begin only if we receive the completed enrollment application and any required Health Plan Premiums within 60 days of the date coverage ended.

- The Court has ordered health care coverage be provided for your legal spouse or minor child.

If the employee or an eligible Family Member meets these conditions, the employee must request enrollment with UnitedHealthcare no later than 30 days following the termination of the other Health Plan coverage. We may require proof of loss of the other coverage, except for Dependent child special enrollment period. Enrollment will be effective on the date agreed to by the Employer Group under the terms of the signed Group Agreement or the first day of the month following receipt by UnitedHealthcare of a completed request for enrollment. This paragraph does not apply to the Dependent Child Special Enrollment Period.

## Section 4: When Coverage Ends

### General Information about When Coverage Ends

As permitted by law, we may end the Agreement and/or all similar benefit plans at any time for the reasons explained in the Agreement.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that if you are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

### What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Agreement Ends**

Your coverage ends on the date the Agreement ends. In this event, the Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends on the last day of the calendar month in which we receive the required notice from the Group to end your coverage, or on the date requested in the notice, if later.

- **Subscriber Retires or Is Pensioned**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Group's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Group's *Application*, and only if the Subscriber continues to meet any applicable eligibility requirements. The Group can provide you with specific information about what coverage is available for retirees.

### Renewal and Reinstatement (Renewal Provisions)

Your Employer Group's Group Agreement with UnitedHealthcare renews automatically, on a yearly basis, subject to all terms of the Group Agreement. UnitedHealthcare or your Employer Group may change your Health Plan benefits and Premium at renewal. If the Group Agreement is terminated by UnitedHealthcare, reinstatement is subject to all terms and conditions of the Group Agreement. In accordance with

UnitedHealthcare's Group Subscriber Agreement, the Employer Group is required to notify employees who are UnitedHealthcare Members of any such amendment or modification.

## Termination of Coverage

We have the right to terminate your coverage under this Health Plan in the following situations:

- **For Nonpayment of Premiums.** Your coverage may be terminated if the Employer Group did not pay the required Premiums.

We will mail your employer a Notice of Start of Grace Period, no later than five (5) business days after the last day of paid coverage. The premium amount must be paid not later than 30 days from the date of the Notice.

- If payment is not received from your employer within 30 days of the date the Notice of Grace Period, coverage will be cancelled and we mail you a Notice of End of Coverage.

## Fraud or Intentional Misrepresentation of a Material Fact

We will provide at least 30 days advance required notice of cancellation, rescission or nonrenewal to the Group that coverage will end on the date we identify in the notice because you committed an act or practice that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act or practice that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Agreement.

Under no circumstances will a Member be terminated due to health status or the need for health care services. Any Member who believes his or her enrollment has been terminated due to the Member's health status or requirements for health care services may request a review of the termination by the California Department of Managed Health Care. For more information, contact our Customer Service department.

## Notice

When we provide written notice regarding administration of the Agreement to an authorized representative of the Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Group is responsible for giving notice to you.

We will provide notice to the Enrolling Group and all affected Subscribers if either of the following occurs:

- For discontinuance of a particular health benefit plan. Your coverage may be terminated if we decide to cease offering a particular health benefit plan upon 90 days prior written notice to the California Department of Managed Health Care, the Group and all affected Subscribers covered under the health benefit plan. When a health benefit plan is discontinued, we will make all other health benefit plans offered to new group business available to the Group without regard to the claims experience of health-related factors of insureds or individuals who may become eligible for the coverage.
- For discontinuance of all new and existing health benefit plans. Your coverage may be terminated if we decide to cease offering existing or new plans in the group market in the State of California upon 180 days prior written notice to the California Department of Managed Health Care, the Group and all affected Subscribers covered under the health benefit plans.

## Continuing Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached 26 years old, the Limiting Age. We will extend the coverage for that child beyond the Limiting Age if both of the following are true:

- The Enrolled Dependent child is not able to support himself/ herself because of a physically or mentally disabling injury, illness or condition.
- The Enrolled Dependent child depends mainly on the Subscriber for support and maintenance.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Agreement. At least 90 days prior to a disabled Dependent reaching the Limiting Age, we will send notice to you, the Subscriber, that coverage for the disabled Dependent will terminate at the end of the Limiting Age unless proof of such incapacity and dependency is provided to us. You must furnish us with proof of the medical certification of disability within 60 days of the date of receipt of our notice the child reached the Limiting Age. We will decide if the disabled Dependent meets the conditions above prior to the disabled Dependent reaching the Limiting Age. Otherwise, coverage will continue until we make a determination.

We may require ongoing proof of a Dependent's incapacity and dependency, but not more frequently than annually after the two-year period following the Dependent's attainment of the Limiting Age. This proof may include supporting documentation from a state or federal agency or a written statement by a licensed psychologist, psychiatrist or other Physician to the effect that such disabled Dependent is incapable of self-sustaining employment by reason of physical or mental disabling injury, illness or condition.

If you are enrolling a disabled child for new coverage, we may request initial proof of incapacity and dependency of the child, and then yearly, to ensure that the child continues to meet the conditions above. You, as the Subscriber, must provide us with the requested information within 60 days of receipt of the request. The child must have been covered as a dependent of the Subscriber or legal spouse under a previous health plan at the time the child reached the age limit.

## Extended Coverage for Total Disability

Coverage when you are Totally Disabled on the date the entire Agreement ends will not end automatically. We will extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Twelve months from the date coverage would have ended when the entire Agreement ends.

## Continuation of Coverage

If your coverage ends under the Agreement, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act*) is available only to Groups that are subject to the terms of *COBRA*. Contact your plan administrator to find out if your Group is subject to the provisions of *COBRA*.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Agreement, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Your Employer Group (or, if applicable, its COBRA administrator) will offer COBRA continuation coverage to qualified beneficiaries only after they have been notified that a qualifying event has happened. When the qualifying event is the end of employment or reduction of hours of employment, death of the Subscriber, or the Subscriber becoming entitled to Medicare benefits (under Part A, Part B, or both), your Employer Group must notify its COBRA administrator of the qualifying event. (Similar rights may apply to certain retirees, legal spouses and Dependent children if your Employer Group commences a bankruptcy proceeding and these individuals lose coverage.)

For the other qualifying events (divorce or legal separation of the Subscriber or a Dependent child losing eligibility for coverage as a Dependent child under the Health Plan), the Subscriber or enrolled Family Member has the responsibility to inform the Employer Group (or, if applicable, its COBRA administrator) within 60 days after the qualifying event happens. Please consult your Employer Group regarding its plan procedures for providing notice of qualifying events.

### **Notification Requirements and Election Period for Continuation Coverage under State Law (AB 1401)**

The Group will provide you with written notification of the right to continuation coverage within 30 days of when coverage ends under the Agreement. You must elect continuation coverage within 90 days of receiving this notification. You should get an election form from us and, once election is made, forward all monthly Premiums to us for payment to us.

### **Terminating Events for Continuation Coverage under State Law (AB 1401)**

Continuation coverage under the Agreement will end on the earliest of the following dates:

- 36 months from the date your qualifying event.
- The date after electing continuation coverage, that the Qualified Beneficiary first becomes entitled to Medicare.
- The date after electing continuation coverage that the Qualified Beneficiary has other hospital, medical or surgical coverage, or is or becomes covered under another group health plan.
- The date the Qualified Beneficiary is covered, becomes covered, or is eligible for coverage pursuant to Chapter 6A of the Public Health Service Act.
- The date coverage terminated under the Agreement for failure to make timely payment of the Premium.
- The date the Agreement ends.
- The date coverage would otherwise terminate under the Agreement as described in this section under the heading Events Ending Your Coverage.

### **Continuation Coverage for Surviving Dependents of Fire Fighters and Peace Officers**

#### **Eligibility**

If a Subscriber is a firefighter or peace officer who dies in the line of duty, the Enrolled Dependent(s) are eligible for continuation of coverage upon the next renewal as determined by the Enrolling Group.

A firefighter or peace officer who dies in the line of duty is defined by California law as a person who:

- Is killed in the performance of his or her duty, or

- Dies as a result of an accident or injury caused by external violence or physical force incurred in the performance of his or her duty.

Until the next renewal period, the coverage will be the same benefits that the Dependent spouse and children had while the firefighter or peace officer was alive. Dependent children will receive benefits under the coverage provided to the surviving spouse. If there is no surviving spouse, coverage for Dependent children will continue until the age of 21 years.

### **Exemption to Continuation Coverage**

This provision does not apply if the surviving spouse elects to receive a lump sum survivor's benefit in lieu of monthly benefits.

### **Notification Requirements and Election Period**

The Enrolling Group shall provide applicable Enrolled Dependents with written notification of the right to continuation coverage and the Enrolled Dependents must elect continuation coverage within 31 days of receiving notification. Enrolled Dependents should obtain an election form from the Enrolling Group and, once election is made, forward all monthly Premiums to the Enrolling Group for payment to us.

### **Terminating Events**

Continuation Coverage under the Agreement will end on the earliest of the following dates:

- The date an individual is covered under any group health plan not maintained by the Enrolling Group, regardless of whether that coverage is less valuable; or
- The date an individual no longer resides in California; or
- The date coverage terminates because the individual violates a material condition of the Agreement; or
- The date a Dependent child is no longer eligible.

If a surviving spouse remarries, coverage for the surviving spouse and Dependent children of the deceased firefighter or peace officer will continue, but the surviving spouse may not add the new spouse or stepchildren as eligible Dependents under the Agreement.

### **Special Provisions for Union Employee if Work Stops due to a Labor Dispute**

If some or the entire Premium for the Agreement is paid by the Enrolling Group under the terms of a collective bargaining agreement, this provision will apply to Subscribers whose employment is covered by the agreement.

Work may stop due to a labor dispute. The Agreement and all insurance will continue during the dispute as long as Premium is paid to us. Continuation is subject to the other sections of this provision.

Insurance will continue under this provision only for those Subscribers who are insured on the date work stops who continue to pay their contributions and also assume and pay the Enrolling Group's contributions. The Enrolling Group will send the contributions to us.

The Union that represents the Subscribers will collect the Subscribers' contributions. At least 75% of the Subscribers who were in the collective bargaining unit on the date work stopped must be making contributions. The Union will send the contributions to us.

Insurance coverage will continue as long as we receive Premium payments on or before each due date, subject to the grace period and the next paragraph.

If any Premium payment was due but had not been paid at the time work stopped, insurance will continue under this provision only if the Enrolling Group pays that overdue Premium before the next Premium due

date. If we accept Premium from the Enrolling Group more than 31 days after the Premium due date, we will accept Premium for the same period of time from the Union representing the Subscribers.

The Subscribers' contributions per month that work is stopped will be figured as follows and will be increased as stated in the next paragraph:

- The Premium rates for the Agreement on the date work stops may be stated as a set amount per Subscriber. Each Subscriber's contribution will be the rate or rates for the Subscriber's group.
- The Premium rates may not be stated as a set amount per Subscriber. Each Subscriber's contribution will be an average rate figured from the Agreement's Premium rates and the amounts of insurance shown in Exhibit 2.

During the period that work is stopped each separate Premium rate in effect on the date work stops will be increased by 20%. Each Subscriber's contribution will be increased by 20%. We may agree to a smaller increase.

We will still have the right to increase or decrease Premium rates at any time in accordance with the terms of the Agreement. We will have this right at any time that we would have had this right if work had not stopped. If we change the Premium rates, the change will be effective in accordance with the terms of the Agreement regardless of any other sections of this provision.

Insurance will continue according to this provision until the earliest of the following:

- The date stated in a notice from us to the Union. A notice will be sent when less than 75% of the Subscribers who were in the collective bargaining unit on the date work stopped are insured.
- The date the Subscriber is employed by an employer other than the Enrolling Group.
- 6 months after the date work stopped.

This provision can be extended to apply to other groups of Subscribers away from work due to a labor dispute if we agree.

## Continuity of Care

If you are undergoing a course of treatment with a terminated Network provider for one of the medical conditions below, we may arrange, at your written request and subject to the Network provider's written agreement to accept the same contractual terms and conditions that were imposed upon the Network provider, prior to termination, for continuation of Covered Health Care Services rendered by the terminated Network provider for the time periods shown below. We must receive your request for Continuity of Care as soon as possible, but not later than 30 calendar days from the date you are notified in writing that your Network provider has been terminated. Co-payments, deductibles or other cost sharing components will be the same as you would have paid for a provider currently contracting with us. Exceptions to the 30 calendar day time frame will be considered for good cause. Continuity of Care forms are available by calling Customer Service.

Continuity of Care for Covered Health Care Services may be provided by a terminated Network provider to a Member who, at the time of the contract's termination, was receiving services from that provider for one of the conditions described below.

Medical conditions and time periods for which treatment by a terminated Network provider may be covered under the Policy are:

- **An acute condition.** An acute condition is a medical condition that involves a sudden onset of symptoms due to a health condition or other medical problem that requires prompt medical attention and that has a limited duration. Completion of Covered Health Care Services will be provided for the duration of the acute condition.
- **A serious chronic condition.** A serious chronic condition is a medical condition due to a disease, health condition, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of Covered Health Care Services will be

provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another Network provider, in consultation with you and the terminated Network provider or out-of-network provider and consistent with good professional practice. Completion of Covered Health Care Services under this provision will not exceed 12 months from termination date of the provider's agreement or 12 months from the effective date of coverage for the new Member when criteria are met.

- **A pregnancy.** A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of Covered Health Care Services will be provided for the duration of the pregnancy.

For purposes of an individual who presents written documentation of being diagnosed with a maternal mental health condition from the individual's treating health care provider, completion of Covered Health Care Services for the maternal mental health condition shall not exceed 12 months from the diagnosis or from the end of the pregnancy, whichever occurs later. For purposes of this section, "maternal mental health condition" means a mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri of postpartum period, up to one year after delivery.

- **A terminal illness.** A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one year or less. Completion of Covered Health Care Services will be provided for the duration of a terminal illness, which may exceed 12 months from the termination date of the provider's agreement or 12 months from the effective date of coverage for a new Member when criteria are met.
- **The care of a newborn child between birth and age 36 months.** Completion of Covered Health Care Services will not exceed 12 months from the termination date of the provider's agreement or 12 months from the effective date of coverage for a new Member when criteria are met.
- **Performance of a surgery or other procedure.** Performance of a surgery or other procedure that has been recommended and documented by the Network provider to occur within 180 days of the termination date of the provider's agreement or within 180 days of the effective date of coverage for a new Member when criteria are met.

This section does not apply to treatment by a provider or provider group whose contract with us has been terminated or not renewed for reasons relating to medical disciplinary cause or reason, fraud or other criminal activity.

In the event of carrier replacement, Continuity of Care for Covered Health Care Services may be provided by an out-of-network provider to a new Member who, at the time of his or her coverage became effective, was receiving services from that provider for one of the conditions described above under your out-of-network benefit. A completed Continuity of Care form must be received by UnitedHealthcare, but no later than 30 days from your effective date of coverage. Exceptions to the 30-calendar day time frame will be considered for good cause.

For Continuity of care to apply to an out-of-network provider that is treating you for a condition outlined above, UnitedHealthcare may require your out-of-network provider whose services are continued for a newly covered member to agree in writing to be subject to the same contractual terms and conditions that are imposed upon currently contracting Network providers providing similar services who are not capitated and who are practicing in the same or similar geographic area as the nonparticipating provider, including, but not limited to, credentialing, hospital privileging, utilization review, peer review, and quality assurance requirements. If the out-of-network provider does not agree to comply or does not comply with these contractual terms and conditions, UnitedHealthcare is not required to continue the provider's services and your request for Continuity of Care may be denied.

In the event you elect to continue to receive services by a terminated Network provider or from an out-of-network provider without receiving prior authorization from us, you may be financially responsible for the payment of all claims

## **Appealing a Termination**

If you believe that we terminated your membership improperly, you may file a grievance to appeal the decision. Please refer to *Section 6, Questions, Complaints and Appeals*. You may also request the Department of Managed Health Care to review your termination.

## Section 5: How to File a Claim

### How Are Covered Health Care Services from Network Providers Paid?

We pay Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable Deductible and to pay any required Co-payments and Co-insurance to a Network provider.

### How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service or as soon as reasonably possible, of receiving services and related supplies. If you don't provide this information to us within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

After we receive your claim, we will send an acknowledgement letter within 5 days from receipt of the claim.

### Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Optum RX

PO Box 29077

Hot Springs, AR 71903

### Payment of Benefits

We will pay Benefits within 45 days after we receive your request for payment that includes all required information. We will reimburse claims or any portion of any claim, whether in-state or out-of-state, for

Covered Health Care Services, as soon as possible, no later than 45 working days after receipt of the claim. However, a claim or portion of a claim may be contested or denied by us. In that case you will be notified in writing that the claim is contested or denied within 45 working days of receipt of the claim. The notice that the claim is being contested or denied will identify the portion of the claim that is contested or denied and the specific reasons including, for each reason, the factual and legal basis known at the time by us for contesting or denying the claim. If the reason is based solely on facts or solely on law, we will provide only the factual or the legal basis for contesting or denying the claim. We will provide a copy of such notice to each Member who received services pursuant to the claim that was contested or denied and the health care provider that provided the services at issue.

If an uncontested claim is not reimbursed by delivery to your address of record within 45 working days after receipt, we will pay interest at the rate of 15% per annum beginning with the first calendar day after the 45-working-day period.

If a Subscriber provides written authorization to allow this, all or a portion of any Allowed Amount due to a provider may be paid directly to the provider instead of being paid to the Subscriber. But we will not reimburse third parties that have purchased or been assigned benefits by Physicians or other providers.

Benefits will be paid to you unless either of the following is true:

- The provider notifies us that your signature is on file, assigning benefits directly to that provider.
- You make a written request at the time you submit your claim.

#### **Assignment of Benefits**

You may not assign your Benefits under the Agreement or any cause of action related to your Benefits under the Agreement to an out-of-Network provider without our consent. When an assignment is not obtained, we will send the reimbursement directly to the Subscriber for reimbursement to an out-of-Network provider. We may, as we determine, pay an out-of-Network provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to an out-of-Network provider, we have the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

When you assign your Benefits under the Agreement to an out-of-Network provider with our consent, and the out-of-Network provider submits a claim for payment, you and the out-of-Network provider represent and warrant the following:

- The Covered Health Care Services were actually provided.
- The Covered Health Care Services were medically appropriate.

Payment of Benefits under the Agreement shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

We will continue to provide coverage for the Covered Health Care Service under review until the Adverse Benefit Determination is resolved.

An Adverse Benefit Determination is any of the following: a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a Benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participant's or beneficiary's eligibility to participate in a plan, and including, a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a Benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be an Experimental or Investigational Service or not Medically Necessary or appropriate. An adverse benefit determination also includes any rescission of coverage (whether or not, in connection with the rescission, there is an adverse effect on any particular Benefit at that time).

If you believe your Subscriber Agreement has been or will be wrongly canceled, rescinded or not renewed, please refer to Cancellation, Rescission or Non-Renewal in this Section to learn how to request a review by the Department of Managed Care (DMHC) Director.

- The provider's name.

To initiate an appeal or request, call the telephone number on the ID card, where a Customer Care representative will document your oral appeal. You may also file an appeal using the Online Grievance form at [www.myuhc.com](http://www.myuhc.com).

## Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

## Appeals Determinations

### Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as defined above, the appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits.
- For appeals of post-service claims as defined above, the appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim.

Please note that our decision is based only on whether or not Benefits are available and Medically Necessary under the Agreement for the proposed treatment or procedure. For appeals involving the denial or modification of health care services related to Medical Necessity, UnitedHealthcare Benefits Plan of California's written response will include the specific reason for the decision, describe the criteria or guidelines or benefit provision on which the denial decision was based, and notification that upon request the Member may obtain a copy of the actual benefit provision, guideline protocol or other similar criterion on which the denial is based. For determinations denying or modifying health care services based on a finding that the services are not Covered Health Care Services, the response will specify the provisions in the Subscriber Agreement that exclude that coverage.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

## **Pre-Service Requests Determination Based on Medical Necessity**

Decisions to deny or modify requests for authorization of Covered Health Care Services for a Member, based on Medical Necessity, are made only by licensed Physicians or other appropriately licensed health care professionals. The reviewer makes these decisions within at least the following time frame required by state law:

- Decisions to approve, modify or deny requests for authorization of Covered Health Care Services, based on Medical Necessity, will be made in a timely fashion appropriate for the nature of the Member's condition, not to exceed five business days from our receipt of the information reasonably necessary and requested to make the decision.
- If the Member's condition poses an imminent and serious threat to their health, including, but not limited to, potential loss of life, limb or other major bodily function, or if lack of timeliness would be detrimental in regaining maximum function or to the Member's life or health, the decision will be rendered in a timely fashion appropriate for the nature of the Member's condition, but not later than 72 hours after our receipt of the information reasonably necessary and requested by the reviewer to make the determination (an Urgent Request).

If the decision cannot be made within these time frames because:

- We are not in receipt of all of the information reasonably necessary and requested; or
- Consultation by an expert reviewer is required; or
- The reviewer has asked that an additional examination or test be performed upon the Member, provided the examination or test is reasonable and consistent with good medical practice the reviewer will notify the Physician and the Member, in writing, upon the earlier of the expiration of the required time frame above or as soon as we become aware that they will not be able to meet the required time frame.

The notification will specify the information requested but not received or the additional examinations or tests required, and the anticipated date on which a decision may be rendered following receipt of all reasonably necessary requested information. Upon receipt of all information reasonably necessary and requested by us, the reviewer shall approve, modify or deny the request for authorization within the time frame specified above as applicable.

## **Concurrent Care Review**

If an on-going course of treatment was previously approved and a request is made to extend treatment, if urgent, your request will be decided in a timely manner appropriate for the nature of your condition not to exceed 72 hours from receipt.

If the request to extend treatment is not an Urgent Request for Benefits, your request will be decided in a timely manner medically appropriate for the nature of your condition not to exceed five (5) business days. Care will not be discontinued until your treating provider has been notified of our decision and a care plan has been agreed upon by your treating provider that is appropriate for your medical needs.

We will provide continued coverage pending the outcome of an appeal. We will not reduce or terminate an ongoing course of treatment without providing advance notice and an opportunity for advance review. and a care plan, and a medically appropriate treatment plan agreed between us and the treating provider.

The reviewer will notify requesting Providers of decisions to approve, modify or deny requests for authorization of health care services for Members within 24 hours of the decision. Members are notified of decisions to deny or modify requested health care services, in writing, within two business days of the decision. The written decision will include the specific reason(s) for the decision, the clinical reason(s) for modifications or denials based on a lack of Medical Necessity, or reference to the benefit provision on which the denial decision was based, and information about how to file an appeal of the decision with UnitedHealthcare Benefits Plan of California. In addition, the internal criteria or benefit interpretation policy, if any, relied upon in making this decision will be made available upon request by the Member. UnitedHealthcare Benefits Plan of California's Appeals Process is outlined in this section.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

### **Expedited Review Appeals Process**

Appeals involving an imminent and serious threat to your health, including, but not limited to, severe pain or the potential loss of life, limb or major bodily function will be immediately referred to UnitedHealthcare Benefits Plan of California's clinical review personnel. If your case does not meet the criteria for an expedited review, it will be reviewed under the standard appeal process. If your appeal requires expedited review, UnitedHealthcare Benefits Plan of California will immediately inform you of your review status and your right to notify the Department of Managed Health Care (DMHC) of the Grievance.

You and the DMHC will be provided a written statement of the disposition or pending status of the expedited review no later than three calendar days from receipt of the Grievance. You are not required to participate in the UnitedHealthcare Benefits Plan of California appeals process prior to contacting the DMHC regarding your expedited appeal.

**Salt Lake City, UT 84130-0573**

This request will initiate the Grievance Review Process except in the case of "expedited reviews," as discussed below. You may submit written comments, documents, records and any other information relating to your grievance regardless of whether this information was submitted or considered in the initial determination. After receipt of your grievance:

- We will provide for a written acknowledgement within five calendar days of the receipt of your grievance. The acknowledgment shall provide you with the following information:
  - That the grievance has been received.
  - The date of receipt
  - The name of the Plan representative and the telephone number and address of the plan representative who may be contacted about the grievance.

You may obtain, upon request and free of charge, copies of all documents, records and other information relevant to your appeal. The appeal will be reviewed by an individual who is neither the individual who made the initial determination that is the subject of the appeal nor the subordinate of that person.

All quality of clinical care and quality of service complaints are investigated by UnitedHealthcare Benefits Plan of California's Health Services department. UnitedHealthcare Benefits Plan of California conducts this quality review by investigating the complaint and consulting with your treating providers, and other UnitedHealthcare Benefits Plan of California internal departments. Medical records are requested and reviewed as necessary, and as such, you may need to sign an authorization to release your medical records. We will respond to your complaint in a manner appropriate to the clinical urgency of your situation. You will also receive written notification regarding the disposition of your quality of clinical care and/or quality of service review complaint within 30 calendar days of UnitedHealthcare Benefits Plan of

California's receipt of your complaint. Please be aware that the results of the quality of clinical care review are confidential and protected from legal discovery in accordance with state law.

## **Voluntary Mediation and Binding Arbitration**

If you are dissatisfied with UnitedHealthcare Benefits Plan of California's Appeal Process determination, you can request that we submit the appeal to voluntary mediation or binding arbitration before JAMS.

### **Voluntary Mediation**

In order to initiate voluntary mediation, either you or the agent acting on your behalf must submit a written request to us. If all parties mutually agree to mediation, the mediation will be administered by JAMS in accordance with the JAMS Mediation Rules and Procedures, unless all parties otherwise agree. Expenses for mediation will be shared equally by the parties. The Department of Managed Health Care will have no administrative or enforcement responsibilities with the voluntary mediation process.

### **Binding Arbitration**

All disputes of any kind, including, but not limited to, claims relating to the delivery of services under the plan and claims for medical malpractice between the Member (including any heirs, successors or assigns of Member) and UnitedHealthcare Benefits Plan of California, except for claims subject to ERISA, will be submitted to Binding Arbitration. Medical malpractice includes any issues or allegations that medical services rendered under the health plan were unnecessary or unauthorized or were improperly, negligently or incompetently rendered. This means that disputes between the Member and UnitedHealthcare Benefits Plan of California will not be resolved by a lawsuit or by pursuing other court processes and remedies, except to the extent the Federal Arbitration Act provides for judicial review of arbitration proceedings. Under this provision, neither the Court nor any arbitrator may delay arbitration of disputes or refuse to order disputes to arbitration. The intent of this arbitration provision, and the parties, is to put litigation on hold so that issues can be resolved through the binding arbitration process. Any disputes about the scope of arbitration, about the arbitration itself or about whether an issue falls under this arbitration provision will be resolved by the arbitrator to avoid ambiguities and litigation costs.

The Member and UnitedHealthcare Benefits Plan of California understand and agree that they are giving up their constitutional rights to have disputes decided in a court of law before a jury and are instead accepting the use of Binding Arbitration by a single arbitrator. The arbitration will be performed by JAMS or another arbitration service as the parties may agree in writing. The arbitration will be conducted under the JAMS Comprehensive Arbitration Rules and Procedures. The parties will attempt in good faith to agree to the appointment of an arbitrator, but if agreement cannot be reached within 30 days following the date demand for arbitration is made, the arbitrator will be chosen using the appointment procedures set out in the JAMS Comprehensive Arbitration Rules and Procedures. These rules may be viewed by the Member at the JAMS website, [www.jamsadr.com](http://www.jamsadr.com). If the Member does not have access to the Internet, the Member may request a copy of the rules from UnitedHealthcare, and arrangements will be made for the Member to obtain a hard copy of the rules and procedures.

Arbitration hearings will be held in Orange County, California or at a location agreed to in writing by the Member and UnitedHealthcare Benefits Plan of California. The expenses of JAMS and the arbitrator will be paid in equal shares by the Member and UnitedHealthcare Benefits Plan of California. Each party will be responsible for any expenses related to discovery conducted by them and their own attorney fees. In cases of extreme hardship, UnitedHealthcare Benefits Plan of California may assume all or part of the Member's share of the fees and expenses of JAMS and the arbitrator, provided the Member submits a hardship application to JAMS and JAMS approves the application. The approval or denial of the hardship application will be determined solely by JAMS. The Member will remain responsible for his/ her own attorney fees, unless an award of attorney fees is allowable under the law and the arbitrator makes an award of attorney fees to the Member. Following the arbitration, the arbitrator will prepare a written award that includes the legal and factual reasons for the decision.

Nothing in this Binding Arbitration provision is intended to prevent the Member or UnitedHealthcare Benefits Plan of California from seeking a temporary restraining order or preliminary injunction or other provisional remedies from a court. However, any and all other claims or causes of action, including, but

not limited to those seeking damages, restitution, or other monetary relief, will be subject to this Binding Arbitration provision. Any claim for permanent injunctive relief will be stayed pending completion of the arbitration. The Federal Arbitration Act, 9 U.S.C. Sections 1-16, will apply to the arbitration.

**ALL PARTIES EXPRESSLY AGREE TO WAIVE THEIR CONSTITUTIONAL RIGHT TO HAVE DISPUTES BETWEEN THEM RESOLVED IN COURT BEFORE A JURY AND ARE INSTEAD ACCEPTING THE USE OF BINDING ARBITRATION.**

## **Independent Medical Review**

If you believe that a health care service included in your coverage has been improperly denied, modified or delayed by UnitedHealthcare Benefits Plan of California, you may request an independent medical review (IMR) of the decision. IMR is available for denials, delays or modifications of health care services requested by you or your provider based on a finding that the requested service is Experimental or Investigational or is not Medically Necessary. Your case also must meet the statutory eligibility criteria and procedural requirements discussed below. If your Complaint or appeal pertains to a Disputed Health Care Service subject to Independent Medical Review (as discussed below), you must file your Complaint or appeal within 180 calendar days of receiving a denial notice.

## **Eligibility for Independent Medical Review**

### **Experimental or Investigational Treatment Decisions**

If you suffer from a Life-Threatening or Seriously Debilitating condition, you may have the opportunity to seek IMR of UnitedHealthcare Benefits Plan of California's coverage decision regarding Experimental or Investigational therapies under California's Independent Medical Review System pursuant to Health and Safety Code Section 1370.4. "Life-Threatening" means either or both of the following: (a) diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted; (b) diseases or conditions with potentially fatal outcomes, where the endpoint of clinical intervention is survival. "Seriously Debilitating" means diseases or conditions that cause major irreversible morbidity.

To be eligible for IMR of Experimental or Investigational treatment, your case must meet all of the following criteria:

1. Your Physician certifies that you have a Life-Threatening or Seriously Debilitating condition for which:
  - Standard therapies have not been effective in improving your condition; or
  - Standard therapies would not be medically appropriate for you; or
  - There is no more beneficial standard therapy covered by UnitedHealthcare Benefits Plan of California than the proposed Experimental or Investigational therapy proposed by your Physician under the following paragraph.
2. Either (a) your Physician has recommended a treatment, drug, device, procedure or other therapy that he or she certifies in writing is likely to be more beneficial to you than any available standard therapies, and he or she has included a statement of the evidence relied upon by the Physician in certifying his or her recommendation; or (b) you or your Non-Network Physician – who is a licensed, board-certified or board-eligible Physician qualified to practice in the specialty appropriate to treating your condition – has requested a therapy that, based on two documents of medical and scientific evidence identified in California Health and Safety Code Section 1370.4(d), is likely to be more beneficial than any available standard therapy. To satisfy this requirement, the Physician certification must include a statement detailing the evidence relied upon by the Physician in certifying his or her recommendation. (Please note that UnitedHealthcare Benefits Plan of California is not responsible for the payment of services rendered by Non-Network Physicians who are not otherwise covered under your UnitedHealthcare Benefits Plan of California benefits).
3. A UnitedHealthcare Benefits Plan of California has denied your request for a treatment or therapy recommended or requested pursuant to the above paragraph.

4. The treatment or therapy recommended pursuant to Paragraph 2 above would be a Covered Health Care Service, except for UnitedHealthcare Benefits Plan of California's determination that the treatment, drug, device, procedure or other therapy is Experimental or Investigational.

If you have a Life-Threatening or Seriously Debilitating condition and UnitedHealthcare Benefits Plan of California denies your request for Experimental or Investigational therapy, UnitedHealthcare Benefits Plan of California will send a written notice of the denial within five business days of the decision. The notice will advise you of your right to request IMR, and include a Physician certification form and an application form with a preaddressed envelope to be used to request IMR from the DMHC.

## **Disputed Health Care Services**

You may also request IMR of a Disputed Health Care Service. A Disputed Health Care Service is any health care service eligible for coverage and payment under your Subscriber Agreement that has been denied, modified or delayed in whole or in part by UnitedHealthcare Benefits Plan of California or one of its providers, due to a finding that the service is not Medically Necessary. (Note: Disputed Health Care Services do not encompass coverage decisions. Coverage decisions are decisions that approve or deny health care services substantially based on whether or not a particular service is included or excluded as a covered benefit under the terms and conditions of your health care coverage.)

You are eligible to submit an application to the DMHC for IMR of a Disputed Health Care Service if you meet all of the following criteria:

1. (a) Your provider has recommended a health care service as Medically Necessary; or (b) you have received Urgently Needed Services or Emergency Medical Condition that a provider determined were Medically Necessary; or (c) you have been seen by a Network Provider for the diagnosis or treatment of the medical condition for which you seek IMR;
2. The health care service has been denied, modified or delayed by UnitedHealthcare Benefits Plan of California or one of its providers; and
3. You have filed an appeal with UnitedHealthcare Benefits Plan of California regarding the decision to deny, delay or modify health care services and the disputed decision is upheld or the appeal remains unresolved after 30 calendar days (or three calendar days in the case of an urgent appeal requiring expedited review). (Note: If there is an imminent and serious threat to your health, the DMHC may waive the requirement that you complete the appeals process or participate in the appeals process for at least 30 calendar days if the DMHC determines that an earlier review is necessary.)

You may apply to the DMHC for IMR of a Disputed Health Care Service within six months of any of the events or periods described above, or longer if the DMHC determines that the circumstances of your case warrant an IMR review. UnitedHealthcare Benefits Plan of California will provide you an IMR application form with any Grievance disposition letter that denies, modifies or delays, in whole or in part, health care services based on a finding that the service is not Medically Necessary. A decision not to participate in the IMR process may cause you to forfeit any statutory right to pursue legal action against UnitedHealthcare Benefits Plan of California regarding the Disputed Health Care Service. The IMR process is in addition to any other procedures or remedies that may be available to you.

## **Independent Medical Review Procedures**

### **Applying for Independent Medical Review Procedures**

In the case of Experimental or Investigational coverage decisions, if you have a Life-Threatening or Seriously Debilitating condition, UnitedHealthcare Benefits Plan of California will include an application for IMR in its notice to you that the requested service has been denied and include a Physician certification form with a preaddressed envelope to the DMHC. Your Physician must provide the Physician certification and medical and scientific documentation required for Experimental and Investigational IMR, which may be included with your application, or mailed or faxed directly to the DMHC by your Physician. Either you

or your Physician can provide the letter from UnitedHealthcare Benefits Plan of California or its Provider denying the request for Experimental or Investigational treatment.

In the case of determinations that a Disputed Health Care Service is not Medically Necessary, UnitedHealthcare Benefits Plan of California will provide you with an IMR application form with any disposition letter resolving your appeal of the determination. Your application for IMR of a Disputed Health Care Service may include information or documentation regarding a provider's recommendation that the service is Medically Necessary, medical information that a service received on an urgent care or emergency basis was Medically Necessary, and any other information you received from or gave to UnitedHealthcare Benefits Plan of California or its providers that you believe is relevant in support of your position that the Disputed Health Care Service was Medically Necessary.

Completed applications for IMR should be submitted to the DMHC. You pay no fee to apply for IMR. You, your Physician, or another designated representative acting on your behalf may request IMR. If there is any additional information or evidence you or your Physician wish to submit to the DMHC that was not previously provided to UHCBP of CA, you may include this information with the application for IMR. The DMHC fax number is (916) 229-0465. You may also reach the DMHC by calling 1-888-466-2219.

### **Accepted Applications for Independent Medical Review**

Upon receiving your application for IMR, the DMHC will review your request and notify you whether your case has been accepted. If your case is eligible for IMR, the dispute will be submitted to an Independent Medical Review (IMR) organization contracted with the DMHC for review by one or more expert reviewers, independent of UnitedHealthcare Benefits Plan of California, who will make an independent determination of whether or not the care should be provided. The IMR selects an independent panel of medical professionals knowledgeable in the treatment of your condition, the proposed treatment and the guidelines and protocols in the area of treatment under review. Neither you nor UnitedHealthcare Benefits Plan of California will control the choice of expert reviewers.

UnitedHealthcare Benefits Plan of California must provide the following documents to the IMR organization within three business days of receiving notice from the DMHC that you have successfully applied for an IMR:

1. The relevant medical records in the possession of UnitedHealthcare Benefits Plan of California or its providers;
2. All information provided to you by UnitedHealthcare Benefits Plan of California and any of its providers concerning UnitedHealthcare Benefits Plan of California and provider decisions regarding your condition and care (including a copy of UnitedHealthcare Benefits Plan of California's denial notice sent to you);
3. Any materials that you or your provider submitted to UnitedHealthcare Benefits Plan of California and its providers in support of the request for the health care services;
4. Any other relevant documents or information used by UnitedHealthcare Benefits Plan of California or its providers in determining whether the health care service should have been provided and any statement by UnitedHealthcare Benefits Plan of California or its providers explaining the reasons for the decision. The Plan shall provide copies of these documents to you and your provider unless any information in them is found by the DMHC to be privileged.

If there is an imminent and serious threat to your health, UnitedHealthcare Benefits Plan of California will deliver the necessary information and documents listed above to the IMR organization within 24 hours of approval of the request for IMR.

After submitting all of the required material to the IMR, UnitedHealthcare Benefits Plan of California will promptly issue you a notification that includes an annotated list of the documents submitted and offer you the opportunity to request copies of those documents from UnitedHealthcare Benefits Plan of California.

If there is any information or evidence you or your provider wish to submit to the DMHC in support of IMR that was not previously provided to UnitedHealthcare Benefits Plan of California, you may include this information with your application to the DMHC. Also as required, you or your provider must provide to the

DMHC or the IMR copies of any relevant medical records, and any newly developed or discovered relevant medical records after the initial documents are provided, and respond to any requests for additional medical records or other relevant information from the expert reviewers.

### **Disapproval of a Prior Authorization Request of a Non-Formulary Drugs**

If a Member objects to a disapproval of a prior authorization request of a "non-formulary" drug and a step therapy exception request, if applicable, through the prior authorization process, s/he, a representative, or the prescribing Provider can file a grievance seeking an external exception review. Information as to how to request a review will be included in the Member's notice of denial for prior authorization. We will respond to the review within 24 hours of receipt by us of the request, if exigent, and within 72 hours of receipt if non-urgent. The external exception review process is in addition to the right of a member to file a grievance or request for independent medical review administered by the DMHC.

### **The Independent Medical Review Decision**

The independent review panel will render its analysis and recommendations on your IMR case in writing, and in layperson's terms to the maximum extent practical, within 30 calendar days of receiving your request for IMR and supporting information. The time may be adjusted under any of the following circumstances:

In the case of a review of an Experimental or Investigational determination, if your Physician determines that the proposed treatment or therapy would be significantly less effective if not promptly initiated. In this instance, the analysis and recommendations will be rendered within seven calendar days of the request for expedited review. The review period can be extended up to three calendar days for a delay in providing required documents at the request of the expert. The organization shall complete its review and make its determination in writing and in layperson's terms to the maximum extent practicable, within 30 days of the receipt of the application for review and supporting documentation, or within less time as prescribed by the director.

If the disputed health care service has not been provided and the enrollee's provider or the Department certifies in writing that an imminent and serious threat to the health of the enrollee may exist, including, but not limited to, serious pain, the potential loss of life, limb or major bodily function or the immediate and serious deterioration of the health of the enrollee, the analyses and determinations of the reviewers shall be expedited and rendered within three days of the receipt of the information.

Subject to the approval of the DMHC, the deadlines for analyses and determinations involving both regular and expedited reviews may be extended by the director for up to three days in extraordinary circumstances or for good cause.

The IMR will provide the DMHC, you and your Physician with each of the experts' analyses and recommendations, and a description of the qualifications of each expert. The IMR will keep the names of the expert reviewers confidential, except in cases where the reviewer is called to testify and in response to court orders. In the case of an Experimental or Investigational determination, the experts' analyses will state the reasons the requested Experimental or Investigational therapy is or is not likely to be more beneficial for you than any available standard therapy and the reasons for recommending why the therapy should or should not be provided by UnitedHealthcare Benefits Plan of California, citing your specific medical condition, the relevant documents provided and the relevant medical and scientific evidence supporting the experts' recommendation. In the case of a review of a Disputed Health Care Service denied as not Medically Necessary, the experts' analyses will state whether the Disputed Health Care Service is Medically Necessary and cite your medical condition, the relevant documents in the record and the reviewers' relevant findings.

The recommendation of the majority of the experts on the panel will prevail. If the experts on the panel are evenly divided as to whether the health care service should be provided, the panel's decision will be deemed to be in favor of coverage. If the majority of the experts on the panel does not recommend providing the health care service, UnitedHealthcare Benefits Plan of California will not be required to provide the service.

## **When a Decision is Made**

The DMHC will immediately adopt the decision of the IMR upon receipt and will promptly issue a written decision to the parties that will be binding on UnitedHealthcare Benefits Plan of California.

UnitedHealthcare Benefits Plan of California will promptly implement the decision when received from the DMHC. In the case of an IMR determination requiring reimbursement for services already rendered, UnitedHealthcare Benefits Plan of California will reimburse either you or your provider - whichever applies - within five business days. In the case of services not yet rendered to you, UnitedHealthcare Benefits Plan of California will authorize the services within five business days of receiving the written decision from the DMHC, or sooner if appropriate for the nature of your medical condition, and will inform you and your Physician of the authorization.

UnitedHealthcare Benefits Plan of California will promptly reimburse you for reasonable costs associated with Urgently Needed Services or Emergency Medical Condition outside of UnitedHealthcare Benefits Plan of California's provider network, if:

- The services are found by the IMR to have been Medically Necessary;
- The DMHC finds your decision to secure services outside of UnitedHealthcare Benefits Plan of California's provider network prior to completing the UnitedHealthcare Benefits Plan of California Grievance process or seeking IMR was reasonable under the circumstances; and
- The DMHC finds that the Disputed Health Care Services were a covered benefit under the Subscriber Agreement.

Health care services required by IMR will be provided subject to the terms and conditions generally applicable to all other benefits under your UnitedHealthcare Benefits Plan of California Health Plan.

For more information regarding the IMR process, or to request an application, please call UnitedHealthcare Benefits Plan of California's Customer Care department.

## Section 7: Coordination of Benefits

### Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Agreement will be coordinated with those of any other plan that provides benefits to you. The language in this section is based on California regulations.

### When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its Agreement terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

### Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
  2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

The term "Plan" shall be construed separately with respect to each policy, contract, or other arrangement for benefits or services and separately with respect to that portion of any such policy, contract, or other arrangement which reserves the right to take the benefits or services of other Plans into consideration in determining its benefits and that portion which does not.

- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage

under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

- D. **Allowable Expense.** Allowable Expense is a health care expense, including Deductibles, co-insurance and co-payments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
  2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
  3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
  4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
  5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

## What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
  2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
    - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
      - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
      - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
    - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
      - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
      - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
      - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
      - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- (a) The Plan covering the Custodial Parent.
  - (b) The Plan covering the Custodial Parent's spouse.
  - (c) The Plan covering the non-Custodial Parent.
  - (d) The Plan covering the non-Custodial Parent's spouse.
- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
  4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
  5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
  6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

## Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.
- C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Coverage Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

- The person is enrolled in a *Medicare Advantage* (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a *Medicare Medical Savings Account*. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

**Important:** If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this Coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this Coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this Coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating this Coverage Plan's Benefits in these situations for administrative convenience, we may, as we determine, treat the provider's billed charges, rather than the Medicare approved amount or Medicare limiting charge, as the Allowable Expense for both this Coverage Plan and Medicare.

## Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

## Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

## **Does This Plan Have the Right of Recovery?**

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

## **How Are Benefits Paid When This Plan is Secondary to Medicare?**

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits. In no event will the combined benefits paid under these coverages exceed the total Medicare Allowed Amount for the service or item.

- Notifying you of when the Agreement ends.

When the Group purchases the Agreement to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

### What Is Your Relationship with Providers and Groups?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any Deductible and any amount that exceeds the Allowed Amount.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Group is that of employer and employee, Dependent or other classification as defined in the Agreement.

## **Statements by Group or Subscriber**

All statements made by the Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. We will not use any statement made by the Group or by a Subscriber to void the Agreement including fraud or an intentional misrepresentation of a material fact, after twenty-four (24) months from the date of issuance of the Agreement.

## **Do We Pay Incentives to Providers?**

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

## **Liability of Subscriber for Payment**

Members will not be required to pay any Network provider for amounts owed to that provider by UnitedHealthcare Benefits Plan of California (other than Co-payments/Co-insurance), even in the unlikely event that UnitedHealthcare Benefits Plan of California fails to pay the provider. Members are not financially responsible for payment of Emergency Health Care services, beyond the Co-payments, Co-insurance, and Deductibles as provided in this Agreement. Members are liable, however, to pay Non-Out-of-Network providers for any and all amounts owed to those providers not covered or excluded as provided in this Agreement.

If you receive Covered Health Care Services in a Network contracting health care facility but from an Out-of-Network individual health professional, you are only required to pay the Co-payment/Deductible

amount specified in your Schedule of Benefits. A Network "contracting health facility" includes, but not limited to, a licensed hospital; ambulatory surgery center or other outpatient setting, lab, radiology or imaging center. You should not be billed more than the amounts shown on your Schedule of Benefits.

## **Are Incentives Available to You?**

Sometimes we may offer enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. Contact us at [www.myuhc.com](http://www.myuhc.com) or the telephone number on your ID card if you have any questions.

## **Do We Receive Rebates and Other Payments?**

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable Deductible. We will account for any rebates and other retrospective cost and pricing arrangements for outpatient prescription drugs by verifying that the rebates and other retrospective cost and pricing arrangements for outpatient prescription drugs are applied by us to reduce your cost.

## **Who Interprets Benefits and Other Provisions under the Agreement?**

We have the final authority to do all of the following:

- Interpret Benefits under the Agreement.
- Interpret the other terms, conditions, limitations and exclusions set out in the Agreement, including this *Combined Evidence of Coverage and Disclosure Form*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Agreement and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of the Agreement.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

## **Who Provides Administrative Services?**

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

## **Amendments to the Agreement**

To the extent permitted by law, we have the right to change, interpret, withdraw or add Benefits or end the Agreement with a 60-day advance notice.

Any provision of the Agreement which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Agreement is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Agreement unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to the Agreement are effective upon the Group's next anniversary date, except as otherwise permitted by law.
- No agent has the authority to change the Agreement or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Agreement.

## How Do We Use Information and Records?

This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential. Except as compelled by law such as for judicial actions, we may not disclose confidential medical information for Members without first obtaining a signed authorization. Please refer to our *Notice of Privacy Practices* that includes information on obtaining written consents and revocations.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Agreement.

- Required by law or regulation.

During and after the term of the Agreement, we and our related entities may use and transfer the information gathered under the Agreement in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

**A STATEMENT DESCRIBING OUR POLICIES AND PROCEDURES FOR PRESERVING THE CONFIDENTIALITY OF MEDICAL RECORDS IS AVAILABLE AND WILL BE FURNISHED TO YOU UPON REQUEST.**

## **Do We Require Examination of Covered Persons?**

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

## **Does UnitedHealthcare Offer a Translation Service?**

Under these extreme conditions, go to the nearest doctor or Hospital for Emergency Health Care Services. UnitedHealthcare will later provide appropriate reimbursement.

## **Is Workers' Compensation Affected?**

Benefits provided under the Agreement do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

## **Subrogation and Reimbursement**

Any demand upon a Member will be in accordance with California Civil Code Section 3040.

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. Immediately upon paying or providing any Benefit, we shall be subrogated to and shall succeed to all rights of recovery, under any legal theory for the reasonable value of any services and Benefits we provided to you, from any or all of the following listed below.

In addition to any subrogation rights and in consideration of the coverage provided by this Subscriber Agreement, we shall also have an independent right to be reimbursed by you for the reasonable value of any services and Benefits we provide to you, from any or all of the following listed below.

- Third parties, including any person alleged to have caused you to suffer injuries or damages.
- Your employer.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity who is liable for payment to you on any equitable or legal liability theory.

The following persons and entities are considered third parties:

- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.

- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.

- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- That you will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:

  - Responding to requests for information about any accident or injuries.

- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the instigation of legal action against you.
- That we have the authority to resolve all disputes regarding the interpretation of the language stated herein.
- That no court costs or attorneys' fees may be deducted from our recovery without our express written consent; any so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall not defeat this right, and we are not required to participate in or pay court costs or attorneys' fees to the attorney hired by you to pursue your damage/personal injury claim.
- That regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, with such proceeds available for collection to include any and all amounts earmarked as non-economic damage settlement or judgment.
- That benefits paid by us may also be considered to be benefits advanced.
- That you agree that if you receive any payment from any potentially responsible party as a result of an injury or illness, whether by settlement (either before or after any determination of liability), or judgment, you will serve as a constructive trustee over the funds, and failure to hold such funds in trust will be deemed as a breach of your duties hereunder.
- That you or an authorized agent, such as your attorney, must hold any funds due and owing us, as stated herein, separately and alone, and failure to hold funds as such will be deemed as a breach of contract, and may result in the instigation of legal action against you.

- That you will assign to us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits we provided, plus reasonable costs of collection.

- That our rights will be considered as the first priority claim against Third Parties, including tortfeasors from whom you are seeking recovery, to be paid before any other of your claims are paid.
- That we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions, including filing suit in your name, which does not obligate us in any way to pay you part of any recovery we might obtain.
- That we shall not be obligated in any way to pursue this right independently or on your behalf.
- That in the case of your wrongful death, the provisions of this section will apply to your estate, the personal representative of your estate and your heirs or beneficiaries.
- That the provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a minor's Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We have the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be determined by us.

## What Do I Pay When I fill a Prescription?

Benefits for Prescription Drug Products on the List of Preventive Medications are not subject to payment of the Annual Deductible.

The amount you pay for any of the following under this Pharmacy *Schedule of Benefits* will not be included in calculating any Out-of-Pocket Limit stated in your medical *Schedule of Benefits*:

- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product and our contracted rates will not be available to you.
- Any amount you pay for Prescription Drug Products for Infertility that exceeds the Infertility Annual Maximum Benefit.
- Any amount you pay for Prescription Drug Products for Infertility that exceeds the Infertility Maximum Policy Benefit.

For Prescription Drug Products at a Network Retail pharmacy, you will pay the lower of the applicable Co-payment for a Prescription Unit, or the Network Pharmacy's retail price for the Prescription Drug Product. For Prescription Drug Products from Mail Order, you are responsible for paying the lower of either the applicable Co-payment or a Network Pharmacy's retail price for the Prescription Drug Product.

You will pay only a Co-payment when filling a prescription at a UnitedHealthcare Network Pharmacy. You will pay a Co-payment every time a prescription is filled. Your Co-payments are as shown in the grid above.

**NOTE:** The Tier status of a prescription drug can change periodically. Tier status changes resulting in higher Co-payments occur four times per calendar year or Contract Year. We will notify you 60 days prior to the change in tiers that will result in a higher co-payment. Tier changes resulting in lower Co-payments may occur at any time and would be for your benefit. No prior notice would be given to you. When Tier status changes occur, you may pay more or less for a prescription drug depending on the Tier placement. You may access PDL and Specialty Medication, Tier placement and Co-payments by contacting Customer Service Department 1-800-624-8822 or 711 (TTY) or visiting UnitedHealthcare's Web site at [www.myuhc.com](http://www.myuhc.com).

You will receive a written notice 60 days prior to an increase in your Co-payment due to the change in Tier placement to move to a higher Tier. The notice will inform you of the new Tier; and if Prior Authorization must be requested by your Network Physician and determined by UnitedHealthcare to be Medically Necessary for the drug to be covered if not previously obtained.

## If A Brand-Name Drug Becomes Available as a Generic

If a Generic drug becomes available for a Brand-name drug, your Brand-name drug's Tier placement may change, and therefore your Co-payment may change. Please refer to "PRIOR AUTHORIZATION" if you are currently taking a prescription drug that requires Prior Authorization under the benefit plan.

### Prior Authorization

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

Certain Prescription Drug Products may be subject to prior authorization due to the following:

- they have an approved biosimilar or a biosimilar and Therapeutically Equivalent to another covered Prescription Drug Product.

### **Prior Authorization and Step Therapy Exception Process**

Certain Prescription Drug Products require a Prior Authorization or step therapy exception process using criteria based upon U.S. Food and Drug (FDA) approved indications or medical findings. When Prescription Drug Products are dispensed at a Network Pharmacy, your prescribing provider, or the pharmacist, are responsible for obtaining Prior Authorization from us. Please refer to the Outpatient Prescription Drug Benefit Supplement for additional information.

For a list of the Prescription Drug Products that require UnitedHealthcare's Prior Authorization, please contact UnitedHealthcare's Customer Service department at 1-800-624-8822 or 711 (TTY) or view online at [www.myuhc.com](http://www.myuhc.com).

### **Prescription Drug Products Covered by Your Benefit**

When prescribed by your Network Physician as Medically Necessary and filled at a Network Pharmacy, subject to all the other terms and conditions of this outpatient prescription drug benefit, the following medications are covered:

- **Disposable all-in-one pre-filled insulin pens**, insulin cartridges and needles for non-disposable pens devices are covered when Medically Necessary in accordance with UnitedHealthcare's Prior Authorization process.
- **Federal Legend Drugs:** Any medicinal substance which bears the legend: "Caution: Federal law prohibits dispensing without a prescription."
- **Generic Drugs:** Comparable Generic drugs may be substituted for Brand-name drugs. For Brand-name drugs that have FDA approved equivalents, a prescription may be filled with a Generic drug unless a specific Brand-name drug is Medically Necessary and Prior Authorized by UnitedHealthcare. Prior Authorization is necessary even if a licensed Physician writes "Dispense as Written" or "Do Not Substitute" on your prescription. If you choose to use a Prescription Drug Product not included on the PDL and not Prior Authorized by UnitedHealthcare, you will be responsible for the full retail price of the medication.

If the requested drug is Medically Necessary, it may be Prior Authorized by UnitedHealthcare. If it is approved, you will only pay your applicable Tier Co-payment.

- **Miscellaneous Prescription Drug Coverage:** For the purposes of determining coverage, the following items are considered prescription drug benefits and are covered when Medically Necessary: glucagons, insulin, insulin syringes, blood glucose test strips, lancets and lancet devices, inhaler extender devices, urine test strips, ketone testing strips and tablets, glucose meters (including continuous glucose monitors), certain immunizations, and anaphylaxis prevention kits. See the medical *Combined Evidence of Coverage and Disclosure Form* for coverage of other injectable medication and equipment for the treatment of asthma in Section 1: Covered Health Care Services.
- **Oral Contraceptives:** All FDA-approved contraceptives, drugs, devices, and products are covered at \$0 cost sharing subject to Therapeutic Equivalents that may be prescribed and may be subject to Prior Authorization. A Member may receive a 12-month supply of a FDA-

approved, self-administered hormonal contraceptive dispensed or furnished at one time by a provider or from a contracted pharmacy that has agreed to dispense or furnish FDA-approved contraceptives in accordance with state and federal law. Over-the-counter birth control devices require a prescription from your provider. To determine whether the Plan's contracted pharmacy provides for a pharmacist to dispense FDA-approved contraceptives directly, please contact the contracted pharmacy or call the Plan at the number shown on your card. Please refer to the medical Evidence of Coverage and to your Outpatient Prescription Drug Supplement for more information.

- **State Restricted Drugs:** Any medicinal substance that may be dispensed by prescription only according to State law.

- **Enhancement medications** when prescribed for the following non-medical conditions are not covered: weight loss, hair growth, sexual performance, athletic performance, cosmetic purposes, anti-aging for cosmetic purposes, and mental performance. - **Growth hormone** for children with familial short stature (short stature based upon heredity and not caused by a diagnosed medical condition) unless Medically Necessary and Prior Authorized by us.

- Injectable medications: Except as described under the section Covered Health Care Services, injectable medications including, but not limited to, infusion therapy, allergy serum, certain immunization agents and blood products are not covered as an outpatient prescription drug benefit. However, these medications are covered under your medical benefit as described in and according to the terms and conditions of your medical *Combined Evidence of Coverage and Disclosure Form*. Outpatient injectable medications administered in the Physician's office (except insulin) are covered as a medical benefit when part of a medical office visit. Injectable medications may be subject to UnitedHealthcare's Prior Authorization requirements. - Inpatient Prescription Drug Products: Medications administered to a Member while an inpatient in a hospital or while receiving Skilled Nursing Care as an inpatient in a Skilled Nursing Facility are not covered under this *Pharmacy Schedule of Benefits*. Please refer to Section 1 of your medical *Combined Evidence of Coverage and Disclosure Form* entitled Covered Health Care Services for information on coverage of prescription medications while hospitalized or in a Skilled Nursing Facility. When a Member is receiving Custodial Care in any facility, relatives, friends or caregivers may purchase the medication prescribed by a Network Physician at a Network Pharmacy, and pay the applicable Co-payment on behalf of the Member.
- Investigational or Experimental drugs: Medication prescribed for Experimental or Investigational therapies are not covered, unless required by an external, independent review panel pursuant to California Health and Safety Code Section 1370.4. Further information about Investigational and Experimental procedures and external review by an independent panel can be found in the medical *Combined Evidence of Coverage and Disclosure Form* in Section 1, Covered Health Care Services and Section 6: Questions, Complaints and Appeals for appeal rights.
- New Prescription Drug Products that have not been reviewed for safety, efficacy and cost effectiveness and approved by UnitedHealthcare are not covered unless Prior Authorized by UnitedHealthcare as Medically Necessary. This would include new dosage forms that we determine do not meet the definition of a Covered Health Care Service.
- Non-covered medical condition: Prescription Drug Products for the treatment of a non-covered medical condition are not covered. This exclusion does not exclude Medically Necessary Prescription Drug Products directly related to non-covered services when complications exceed follow-up care, such as life-threatening complications of cosmetic surgery.
- Off-label drug use. Off-label drug use means that the Provider has prescribed a drug approved by the Food and Drug Administration (FDA) for a use that is different than that for which the FDA approved the drug. UnitedHealthcare excludes coverage for Off Label Drug Use, including off label self-injectable drugs, except as described in the medical *Combined Evidence of Coverage and Disclosure Form* and any applicable Attachments. If a drug is prescribed for off-label drug use, the drug and its administration will be covered only if it satisfies the following criteria: (1) The drug is approved by the FDA. (2) The drug is prescribed by a Network licensed health care professional. (3) The drug is Medically Necessary to treat the medical condition. (4) The drug has been recognized for treatment of a medical condition by one of the following: (a) The American Hospital Formulary Service Drug Information, (b) One of the following compendia, if recognized by the federal Centers

Nothing in this section shall prohibit UnitedHealthcare from use of a PDL, Co-payment, technology assessment panel, or similar mechanism as a means for appropriately controlling the utilization of a drug that is prescribed for a use that is different from the use for which that drug has been approved for marketing by the FDA. Denial of a drug as investigational or experimental will allow the Member to use the Independent Review System as defined in the medical *Combined Evidence of Coverage and Disclosure Form*.

- Over-the-Counter Drugs: Drugs available over-the-counter do not require a Prescription Order or Refill by federal or state law before being dispensed. Generally over-the-counter Drugs are excluded whether prescribed or not unless they are on UnitedHealthcare's PDL or unless they are FDA-approved tobacco cessation drugs and products, or FDA-approved contraceptives, drugs, devices or other products both of which are provided as preventive benefit at \$0 cost sharing subject to certain exception. This exclusion does not apply to prescribed over-the-counter medications that have an A or B recommendation from the U.S. Preventive Services Task Force (USPSTF) when prescribed by a provider for which Benefits are available, without cost sharing, as described under Section 5 of the *Combined Evidence of Coverage and Disclosure Form*. When determining covered FDA approved contraceptive methods, the Plan will consider Therapeutic Equivalent including dosage form and route of administration strength. For more information regarding coverage of certain over-the-counter drugs on the PDL, please see your Outpatient Prescription Drug Supplement and your *Combined Evidence of Coverage* under Family Planning and Tobacco Screenings. You may also contact UnitedHealthcare's Customer Service Department at 1-800-624-8822 or 711 (TTY) or view online at [www.myuhc.com](http://www.myuhc.com).
- Prescription Drug Products that are comprised of active ingredients that are available over-the-counter are not covered except when Medically Necessary. In an effort to eliminate confusion, UnitedHealthcare has provided you with answers for your pharmacy questions such as:

- What is a Formulary/Prescription Drug List (PDL)?
- What is the difference between a Brand-name and Generic drug?
- Who can write my prescription?
- What happens in emergency situations?
- What is the Mail Order Pharmacy Program?
- What is Prior Authorization?

## **What else should I read to understand my pharmacy benefits?**

We want our Members to get the most from their prescription drug benefit plan, so please read this *Supplement to the Combined Evidence of Coverage and Disclosure Form* ("Supplement") carefully. You need to become familiar with the terms used for explaining your coverage, because understanding these terms is essential to understanding your benefit. Along with reading this publication, be sure to review your *Pharmacy Schedule of Benefits*. Your *Pharmacy Schedule of Benefits* provides the details of your particular pharmacy benefit plan, including the exclusions and limitations, applicable Co-payments and UnitedHealthcare's Prior Authorization process. Together, these documents explain your outpatient pharmacy coverage. These documents should be read completely and carefully for a comprehensive understanding of your outpatient pharmacy benefits.

Your medical *Combined Evidence of Coverage and Disclosure Form* and *Schedule of Benefits* together with this *Supplement to the Combined Evidence of Coverage and Disclosure Form* and the *Pharmacy Schedule of Benefits* provide the terms and conditions of your benefit coverage. All applicants have a right to view these documents prior to enrollment.

## **What is covered and not covered?**

UnitedHealthcare covers Medically Necessary Prescription Drug Products that are not otherwise excluded from coverage by UnitedHealthcare and Prior Authorization may be required. Refer to your *Pharmacy Schedule of Benefits* for a description of covered Prescription Drug Products as well as the limitations and exclusions for certain Prescription Drug Products.

## **What is a Formulary/ Prescription Drug List (PDL)?**

A PDL is a list that categorizes into Tiers medications or products and contains a broad range of U.S. Food and Drug Administration (FDA) approved Generic and Brand-name Prescription Drug Products that are covered under your prescription drug benefit. Please refer to your *Pharmacy Schedule of Benefits* for a description of the types of Prescription Drug Products provided at each Tier to know how the formulary (PDL) applies to your prescription drug benefit. This list is subject to our periodic review.

## **Why are Formularies/(PDLs) necessary?**

Prescription costs continue to rise. PDLs list those Prescription Drug Products that offer value while maintaining quality of care to help reduce health care

## **Who decides which Prescription Drug Products are on the Formulary (PDL)?**

Our Prescription Drug List (PDL) Management Committee makes tier placement on our behalf.

The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or [notification] [prior authorization] requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

**NOTE:** The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact us at [www.myuhc.com](http://www.myuhc.com) or the telephone number on your ID card for the most up-to-date tier placement.

Please remember that the inclusion of a specific drug on the PDL does not guarantee that your licensed Physician will prescribe that drug for treatment of a particular condition.

### **What if my outpatient Prescription Drug Product is not on the Formulary/(PDL)?**

Formularies/PDLs list alternative Prescription Drug Products, which are designed to be safe and effective. If your Prescription Drug Product is not listed on UnitedHealthcare's Formulary/PDL ask your licensed Physician or Network Pharmacist for an alternative Prescription Drug Product that is on the PDL and medically appropriate for you. Non-formulary (PDL) drugs may be Generic or Brand name drugs. For alternative Non-formulary (PDL) Prescription Drug Products, please review the Prior Authorization process in your *Pharmacy Schedule of Benefits*.

### **How is a Prescription Drug Product added or deleted from the Formulary/PDL?**

A Prescription Drug Product must first demonstrate safety and effectiveness to be added to the PDL. Only after this is decided is the cost of the medication considered. Some Prescription Drug Products have similar safety and effectiveness, but one or two are available at a lower cost. In these cases, generally the least costly Prescription Drug Product is added to the Formulary (PDL).

### **When does the Formulary (PDL) change? If a change occurs, will I have to pay more to use a drug I had been using?**

The National Pharmacy and Therapeutics Committee meets regularly, on a quarterly basis, to review the PDL and add or remove Prescription Drug Products. The PDL Management Committee meets quarterly to determine tier placement. If you are prescribed a Maintenance Medication, we will notify you 60 days prior to the change in Tiers that will result in a higher Co-payment. Tier changes that result in a higher copayment will occur no more than six times per calendar year or Contract Year. You will receive a written notice 60 days prior to an increase in your Co-payment or Co-insurance due to the change in tier placement if it is moved to a higher tier. The notice will inform you: (a) the new tier, and (b) if prior authorization must be requested by your Physician and determined by UnitedHealthcare Benefits Plan of California to be Medically Necessary for the drugs to be covered. Please access [[www.myuhc.com](http://www.myuhc.com)] through the internet or call us at the telephone number on your ID card for the most up -to-date tier status.

Tier changes that result in a lower copayment may occur at any time and would be for your benefit. No prior notice would be given to you.

If you are currently taking a Prescription Drug Product which was approved by UnitedHealthcare for a specific medical condition and UnitedHealthcare removes that drug from the PDL, UnitedHealthcare will continue to cover that drug. It will be covered provided your licensed Physician continues to prescribe the drug for your specific medical condition and provided that the drug is appropriately prescribed and continues to be considered safe and effective for treatment of your medical condition. Continued coverage is subject to all terms and conditions of your UnitedHealthcare Health Plan, including the exclusions and limitations of your *Pharmacy Schedule of Benefits*.

## **Step Therapy**

Since UnitedHealthcare offers a comprehensive Formulary (PDL), some Prescription Drug Products will not be covered until one or more Formulary (PDL) alternatives have been tried. Step therapy is a process whereby Prescription Drug Products or Pharmaceutical Products are filled with a medically appropriate but more affordable medication than was originally prescribed. Step therapy is designed to encourage the use of cost-effective Prescription Drug Products or Pharmaceutical Products when appropriate.

Situations arise when it may be Medically Necessary for you to receive a certain medication without trying an alternative drug first. In these instances, your Network Physicians will need to request a Step Therapy exception through the Prior Authorization process and to provide evidence to UnitedHealthcare in the form of documents, lab results, records or clinical trials that establish the use of the requested Prescription Drug Products as Medically Necessary. Network Physicians may fax step therapy exception requests to UnitedHealthcare.

Exceptions to Step Therapy criteria include:

- No Formulary (PDL) alternative is appropriate and the drug is Medically Necessary for patient care, as determined by UnitedHealthcare and consistent with professional practice.
- The Formulary (PDL) alternative has failed after a therapeutic trial. Your Network Physician will be asked to provide a copy of the medical chart notes specifically stating treatment failure with the PDL alternative.
- The Formulary (PDL) alternative is not appropriate as determined by a review of physician chart notes.
- You have been under treatment and remain stable on a non-Formulary {PDL} prescription drug previously approved by UnitedHealthcare as Medically Necessary that is not excluded from coverage and changing to a Formulary {PDL} drug is medically inappropriate.

If you change your Health Plan, we will not require you to repeat step therapy when the you are already being treated for a medical condition by a Prescription Drug Product provided the Prescription Drug Product is appropriately prescribed and considered safe and effective for the your medical condition. You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements through the Internet at [www.myuhc.com](http://www.myuhc.com) or by calling the telephone number on your ID card.

## **Generic Prescription Drugs**

### **What is the difference between Generic and Brand-name drugs?**

When a new drug is put on the market, for many years it is typically available only under a manufacturer's Brand-name. At first, this new drug is protected by a patent. Only after the patent expires are competing manufacturers allowed to offer the same drug. This type of drug is called a Generic drug.

While the name of the drug may not be familiar to you, a Generic drug has the same medicinal benefits as its Brand- name competitor. In fact, a manufacturer must provide proof to the FDA that a Generic drug has the identical active chemical compound as the Brand-name product. A generic product must meet rigid FDA standards for strength, quality, purity, and potency.

Only when a Generic drug meets these standards is it considered the brand name drug's equivalent. When the FDA approves a new Generic drug, UnitedHealthcare may choose to replace the Brand-name drug on the PDL with the Generic drug.

If you or your provider selects a brand name drug when a generic drug equivalent is available, you will pay the difference in our contracted rate for the name drug and the generic equivalent plus the tier 1 co-payment. The difference in cost does not apply to the out-of-pocket limit or any applicable drug deductible. If you or your provider believes the brand drug is Medically Necessary, you can request an exception through the prior authorization process.

NOTE: If you have a question about our PDL or a particular Prescription Drug Product, please contact UnitedHealthcare at 1-800-624-8822 or 711 (TTY) or visit UnitedHealthcare's web site at [www.myuhc.com](http://www.myuhc.com).

### **Therapeutic substitution of medication (Prescription Drug Product)**

If there is no generic equivalent available for a specific Brand-name drug, your licensed Physician may prescribe a "therapeutic substitute" instead. Unlike a Generic, which has the identical active ingredient as the Brand name version, a therapeutic substitute has a chemical composition that is different, but acts similarly in clinical and therapeutic ways when compared to competing Brand-name counterparts. If your licensed Physician specifies therapeutic substitution, you will receive the therapeutic substitution medication and pay the applicable Co-payment (refer to your *Pharmacy Schedule of Benefits* for the amount of your Co-payment).

## **Filling Your Prescription**

### **Who can write my prescription?**

To be eligible for coverage, your Prescription Drug Product must be written by a licensed practitioner.

### **How do I use my Prescription Drug Product benefit?**

Your outpatient Prescription Drug Product benefit helps to cover the cost for some of the outpatient medications prescribed by a licensed practitioner. Using your benefit is simple.

- Obtain your prescription from your licensed practitioner.
- Present your prescription for a covered outpatient Prescription Drug Product and UnitedHealthcare Member ID card at any UnitedHealthcare Network Pharmacy. If ordering by phone, be sure to mention that you are a UnitedHealthcare Member. Note that some Prescription Drug Products must be Prior Authorized by UnitedHealthcare.
- Pay the lower of the applicable Co-payment (refer to your *Pharmacy Schedule of Benefits* for the amount of your Co-payment) for a Prescription Unit or the Network Pharmacy's retail price for the Prescription Drug Product.
- Receive your medication.

### **How much do I have to pay to get a prescription filled?**

Refer to your *Pharmacy Schedule of Benefits* for specific details and Co-payment amounts.

### **Where do I go to fill a prescription?**

UnitedHealthcare has a well-established Network of pharmacies including most major pharmacy and supermarket chains as well as many independent pharmacies. For a listing of Network Pharmacies, contact us at 1-800-624-8822 or 711 (TTY) to help locate a Network Pharmacy near you or visit our web site at [www.myuhc.com](http://www.myuhc.com) for an up-to-date list.

### **When do I request a refill?**

Generally, you may refill a prescription when a minimum of 75 percent of the quantity is consumed based on the days supply.

### **What is a Maintenance Medication?**

If you require certain Maintenance Medications, we may direct you to the Mail Order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy, you may opt-out of the Maintenance Medication Program by contacting us at [www.myuhc.com](http://www.myuhc.com) or the telephone number on your ID card. If you choose to opt out when directed to a Mail Order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy but do not inform us, you will be subject to the out-of-Network Benefit for that Prescription Drug Product after the allowed number of fills at Retail Network Pharmacy.

### **I take Maintenance Medication on a continuing basis. How can I have my prescriptions filled when I am on vacation?**

The most convenient and affordable way to obtain Maintenance Medications is to obtain a 90-day supply through our Mail Order Pharmacy Program (for additional details refer to the Mail Order Pharmacy Program section in this document). It is important to plan ahead, because it takes approximately seven days to receive your 90-day supply from the mail service program. Early refills for vacation are also available from Participating Pharmacies in certain circumstances - talk with your pharmacist about obtaining a vacation override. Our Customer Service can also help you with planning for your medication needs while traveling call 1-800-624-8822 or 711 (TTY).

### **What if I am sick and need a prescription when I'm away from home?**

If you are sick and need an outpatient Prescription Drug Product filled when away from home, you may visit one of our Network Pharmacies within our national pharmacy Network and receive the Prescription Drug Product for the applicable Co-payment. For the nearest Network pharmacy, contact us at 1-800-624-8822 or 711 (TTY) or visit our web site at [www.myuhc.com](http://www.myuhc.com).

### **What happens in an emergency situation?**

While in most circumstances you must fill your prescription at a Network Pharmacy, you may fill your prescription for an outpatient Prescription Drug Product at an Out-of-Network Pharmacy in an Emergency or Urgent situation. In such situations, you must pay the total cost of the Prescription Drug Product at the time you receive the Prescription Drug Product and you will be reimbursed by UnitedHealthcare for the cost of the Prescription Drug Product, less the applicable Co-payment. However, if UnitedHealthcare decides that you obtained the Prescription Drug Product from an Out-of-Network Pharmacy and it is determined the care did not meet the definitions of an Emergency Health Care Service or Urgently Needed Services, you will be responsible for the total cost of the Prescription Drug Product and UnitedHealthcare will not reimburse you.

To obtain reimbursement for Emergency Health Care or Urgently Needed Prescription Drug Product, you must follow the instructions below under "How do I obtain reimbursement?". You are only eligible for reimbursement for prescriptions related to urgent or emergency situations as defined by UnitedHealthcare (refer to your medical *Combined Evidence of Coverage and Disclosure Form*) minus the applicable Co-payment.

### **How do I obtain reimbursement?**

Contact the Customer Service department at 1-800-624-8822 or 711 (TTY) or visit UnitedHealthcare's web site at [www.myuhc.com](http://www.myuhc.com) to obtain the Direct Reimbursement Form. Provide the following: Direct Member Reimbursement Form, copies of the prescription receipts showing the prescription number, name of the medication, date filled, pharmacy name, name of the Member for whom the prescription was written, proof of payment and a description of why a UnitedHealthcare Participating Pharmacy was not available. Send these documents to: UnitedHealthcare Pharmacy Department, P.O. Box 29077, Hot Springs, AR 71093.

You should submit the Direct Reimbursement Form within 90 days, or as soon as reasonably possible from the date of service.

### **Emergency Override**

UnitedHealthcare will cover a 5-day emergency supply of a medication once during a calendar year while a prior authorization review is in progress.

### **When I fill a Prescription Drug Product, how much medication do I receive?**

For a single Co-payment, Members receive one Prescription Unit which represents a maximum of one month's (31 days supply) fill of outpatient prescription medication that can be obtained at one time. For most oral medications, a Prescription Unit is up to a 31-day supply of medication.

Prescription Drug Products dispensed in quantities other than the 31-day supply maximum are listed below:

- **Medications with quantity limitations:** The Prescription Unit for some medications may be set at a smaller quantity to promote appropriate medication use and patient safety. These quantity limits are based on generally accepted pharmaceutical practices and the manufacturer's labeling. For example, antibiotics typically require less than a 31 day supply; and certain drugs such as controlled substances and migraine medications may be limited due to the expectation of patient need and in accordance with manufacturer's recommended dosages. Drugs with quantity limitations may be dispensed in greater quantities if Medically Necessary and Prior Authorized by UnitedHealthcare.
- **Defined or pre-packaged units of medications:** Prescription Drug Products such as inhalers, eye drops, creams, or other types of medications or Prescription Drug Products that are normally dispensed in pre-packaged or defined units of 31 day or less will be considered a single Prescription Unit.
- **Medication obtained through UnitedHealthcare's Mail Order Program:** If you use the UnitedHealthcare Mail Order Pharmacy, you will receive three Prescription Units or up to a 90-day supply of Maintenance Medications (except for pre-packaged medications or Prescription Drug Products as described above). When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Co-payment that applies will reflect the number of days dispensed.

## UnitedHealthcare's Mail Order Pharmacy Program

What is the Mail Order Pharmacy Program?

UnitedHealthcare offers a Mail Order Pharmacy Program through *Optum Rx*<sup>®</sup>. The Mail Order Pharmacy Program provides convenient service and savings on Maintenance Medications that you may take on a regular basis up to a 90 day supply of a drug unless a prescription drug is subject to restricted distribution by the U.S. Food and Drug Administration or requires special handling, provider coordination or patient education not provided by a retail pharmacy. After the first and second fill at a retail pharmacy, the Plan may send a notice to a Member reminding them that there is a mail order program available by which in most cases s/he may obtain a 90 day prescription of a medication and if s/he prefers the program, s/he may call the telephone number on your ID card or going to UnitedHealthcare's web site at **www.myuhc.com**. You get quality medications mailed directly to your home or address of your choice within the United States, in a discreetly labeled envelope to ensure privacy and safety. Standard shipping and handling is at no additional charge.

If you use our Mail Order Pharmacy Program, you will generally get your Maintenance Medication within (7) seven working days after receipt of your order. All orders are shipped in discreetly labeled envelopes for privacy and safety.

Here's how to fill prescriptions through the Mail Order Pharmacy Program.

1. Call your licensed Physician to obtain a new prescription for each medication. When you call, ask the Physician to write the prescription for a 90-day supply which represents three Prescription Units with up to three additional refills. The doctor will tell you when to pick up the written prescription. (Note: *Optum Rx*<sup>®</sup> must have a new prescription to process any new Mail Order request.)
2. After picking up the prescription, complete the Mail Order Form included in your enrollment materials. (To obtain additional forms or for assistance in completing the form, call UnitedHealthcare's Customer Service Department at 1-800-624-8822 or 711 (TTY). You can also find the form at the web site address **www.optumrx.com**.)
3. Enclose the prescription and appropriate Co-payment via check, money order, or credit card. Your *Pharmacy Schedule of Benefits* will have the applicable Co-payment for the Mail Order Pharmacy Program. Make the check or money order payable to **Optum Rx**<sup>®</sup>. No cash please.

When you receive your prescription, you will get detailed instructions that tell you how to take the medication, possible side effects and any other important information about the medication. If you have questions, registered pharmacists are available to help you by calling *Optum Rx*<sup>®</sup> at 1-800-562-6223 or 711 (TTY).

**Important Tip:** If you are starting a new Prescription Drug Product, please request two prescriptions from your licensed physician. Have one filled immediately at a Network Pharmacy while mailing the second prescription to UnitedHealthcare's Mail Order Pharmacy. Once you receive your medication through the Mail Order Pharmacy Program, you should stop filling the prescription at the Network Pharmacy.

## Designated Pharmacies

### What is a Designated Pharmacy?

If you require certain Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Specialty Prescription Drug Products. There are both retail and mail pharmacies in the Designated Pharmacy network. Note that not all contracted retail pharmacies are in the Designated Pharmacy network. Only retail pharmacies that are in the Designated Pharmacy network will provide access to these Specialty Prescription Drug Products. If you choose not to obtain your Specialty Prescription Drug Product from the Designated Pharmacy, you may opt-out of the Designated Pharmacy program through the Internet at **www.myuhc.com** or by calling the telephone number on your ID card. If you want to opt-out of the program and fill your Specialty Prescription Drug Product at a non-Designated Pharmacy but do not inform us, you will be responsible for the entire cost of the Specialty Prescription Drug Product and no Benefits will be paid unless we authorize the use of a Network Pharmacy including in an urgent situation.

## Prior Authorization

### What is Prior Authorization?

UnitedHealthcare covers Medically Necessary Prescription Drug Products when prescribed by a licensed Physician and Prior Authorization may be required. For example, medications when prescribed for cosmetic purposes, such as wrinkle creams, are not generally covered. Medication quantities may also be limited to ensure that they are being used safely and effectively, and Co-payments, exclusions and limitations vary. Please be sure to read your *Pharmacy Schedule of Benefits*, which describes the details of your prescription drug coverage, including the types of medications that require Prior Authorization, and that are limited or excluded. Prescriptions that require Prior Authorization will be charged at the applicable Co-payment if approved.

We want to make sure our Members receive optimal care and appropriate medication use is a big part of maintaining your overall health. That is why we have systems in place to make sure your medication is Medically Necessary and prescribed according to treatment guidelines consistent with standard professional practice. We also want to make sure you are not taking more medication than you need or are taking medication for a longer period of time than is necessary, and that you are receiving follow-up care. UnitedHealthcare reserves the right to require Prior Authorization and/or limit the quantity of any prescription. The following is a list of factors that UnitedHealthcare takes into consideration when completing a Prior Authorization review:

- The prescription is for the treatment of a covered medical condition and the expected beneficial effects of the prescription outweigh the harmful effects.
- There is sufficient evidence to draw conclusions about the effect of the prescription on the medical condition being treated and on your health outcome.
- The prescription represents the most cost-effective method to treat the medical condition.
- The prescription drug is prescribed according to established, documented and approved indications that are supported by the weight of scientific evidence.

### What do I do if I need Prior Authorization?

We understand that situations may arise in which it may be Medically Necessary to take a medication above the preset limits or for a particular condition/circumstance. In these instances, since your licensed physician understands your medical history and health conditions, he/she can request Prior Authorization. We have made the process simple and easy. Your licensed physician may electronically or by fax send the Prior Authorization request to Optum Rx<sup>®</sup>, which is UnitedHealthcare's pharmacy benefit manager. The Prior Authorization staff of qualified pharmacists and technicians is available Monday through Friday from 5:00 a.m. to 10:00 p.m. PST and Saturday from 6:00 a.m. to 3:00 p.m. PST to assist licensed physicians. Most authorizations are completed within 24 hours. The most common reason for delay in the authorization process is insufficient information. Your licensed physician may need to provide information on diagnosis and medication history and/or evidence in the form of documents, records or lab tests which establish that the use of the requested Prescription Drug Product meets plan criteria.

When a Prescription Drug Product is not listed on the PDL, you or your representative may request an exception to gain access to the Prescription Drug Product if Medically Necessary and Prior Authorized. To make a request, contact us in writing or call the toll-free number on your ID card. We will notify you of our determination during the required timeframe.

- **In the case of a standard exception request**, we will notify the Member or the Member's designee or the Member's prescribing provider of the Benefit determination no later than 72 hours following receipt of the prior authorization request for a Non-Formulary (PDL) drug. When we grant a standard exception request, we will provide coverage of the Prescription Drug Product for the duration of the prescription, including refills.
- **In the case of an expedited exception request based on exigent circumstances**, we will notify the Member or the Member's designee or the Member's prescribing provider of the Benefit determination no later than 24 hours following receipt of the Prior Authorization

request for a Non-Formulary (PDL) drug. When we grant an exception based on exigent circumstances, we will provide coverage of the Prescription Drug Product (including refills) for the duration of the exigency. Exigent circumstances exist when a Member is suffering from a health condition that may seriously jeopardize the Member's life, health, or ability to regain maximum function or when the Member is undergoing a current course of treatment using a Prescription Drug Product that is not on the Formulary (PDL).

- **External exception request review.** If we deny a request for a standard exception or for an expedited exception, the Member, the Member's designee, or the Member's prescribing provider may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will provide notice of how to proceed with a request in the denial letter. A denial of a Prior Authorization request for a Non-Formulary {PDL} drug exception is subject to review by an Independent Review Organization (IRO). The Independent Review Organization will make a determination on the external exception request and notify the Member or the Member's designee and the prescribing provider of the Benefit determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception request. If the Independent Review Organization grants an external exception review of a standard exception request, we will provide coverage of the Prescription Drug Product that is not on the Formulary (PDL). If the Independent Review Organization grants an external exception review of an expedited exception request, we will provide coverage of the Prescription Drug Product that is not on the Formulary (PDL) for the duration of the exigency. Please note that the external review process is in addition to the Member's right to file a grievance or request an independent review administered by the Department of Managed Health Care.
- For more information regarding filing a grievance and independent review administered by the Department of Managed Health Care, please refer to Section 8 of the *Combined Evidence of Coverage and Disclosure Form* for more information.

### **Does this plan limit or exclude certain drugs my health care provider may prescribe or encourage substitutions for some drugs?**

Your UnitedHealthcare pharmacy benefit provides you access to a wide range of FDA-approved brand and generic medication. The Formulary (PDL) is developed with the input from licensed physicians and pharmacists and is based on assessment of the drug's quality, safety, effectiveness and cost. If a medication is not included on the Formulary (PDL), it may be because the Plan's Formulary (PDL) includes other drugs that are frequently prescribed for the same condition as those that are not included on the Formulary (PDL). For example, UnitedHealthcare may have an equivalent Generic medication on the Formulary (PDL) for the Brand-name medication prescribed by your licensed physician. It is also important to remember there may be other options available for treating a particular medical condition. Non-Formulary (PDL) medications may require Prior Authorization and will be approved when Medically Necessary unless otherwise excluded by UnitedHealthcare as described in the Exclusions and Limitations Section of the *Pharmacy Schedule of Benefits*. Refer to the Section entitled "What do I do if I need Prior Authorization" in this document for additional information.

### **What should I do if I want to appeal a Prior Authorization decision?**

As a UnitedHealthcare Member, you have the right to appeal any Prior Authorization decision. Contact Customer Service at 1-800-624-8822 or 711 (TTY) for details on the Prior Authorization or appeals process. Please refer to your medical *Combined Evidence of Coverage and Disclosure Form* for more details on the appeals process and the expedited review process.

### **Rebates and Other Payments**

We may receive rebates for certain drugs included on the PDL. We may pass a portion of these rebates on to you, and they may be taken into account in determining your Co-payments and/or Co-insurance.

We, and a number of our affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this Outpatient Prescription Drug Supplement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Outpatient Prescription Drug Supplement. We are not required to pass on to you, and do not pass on to you, such amounts.

## Special Programs

You may access information on these programs by contacting us at [www.myuhc.com](http://www.myuhc.com) or the telephone number on your ID card.

# Important Notices

## Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Care Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Care Services (including Co-payments, Co-insurance and any deductible) are the same as are required for any other Covered Health Care Service. Limitations on Benefits are the same as for any other Covered Health Care Service.

## Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization. For information on prior authorization, contact your issuer.

## Notice of Transition of Care

As required by the *No Surprises Act of the Consolidated Appropriations Act (P.L. 116-260)*, group health plans must provide Benefits for transition of care. If you are currently undergoing a course of treatment with a Physician or health care facility that is out-of-Network under this new plan, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

## Claims and Appeal Notice

*This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.*

### Benefit Determinations

#### Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one-time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 30 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement according to the applicable claim filing procedures. If you pay a Co-payment and believe that the amount of the Co-payment was incorrect, you also may submit a claim for reimbursement according to the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

#### Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one-time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits according to the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.

#### Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could

cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information.
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

### **Concurrent Care Claims**

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

### **Questions or Concerns about Benefit Determinations**

If you have a question or concern about a benefit determination, you may informally call us at the telephone number on your ID card before requesting a formal appeal. If the representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a representative. If you first informally contact us and later wish to request a formal appeal in writing, you should again contact us and request an appeal. If you request a formal appeal, a representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact us immediately.

### **How Do You Appeal a Claim Decision?**

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.

- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of pre-service request for benefits or a claim denial.

## **Appeal Process**

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge in advance of the due date of the response to the adverse benefit determination.

## **Appeals Determinations**

### **Pre-service Requests for Benefits and Post-service Claim Appeals**

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as shown above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits. However, if your state requires two levels of appeal, the first level appeal will take place and you will be notified of the decision within 15 days.

If your state requires a second level appeal, it must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.

- For appeals of post-service claims as shown above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. However, if your state requires two levels of appeal, the first level appeal will take place and you will be notified of the decision within 30 days.

If your state requires a second level appeal, it must be submitted to us within 60 days from the receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.

### **Urgent Appeals that Require Immediate Action**

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies, or surgeries.

# Statement of Employee Retirement Income Security Act of 1974 (ERISA) Rights

As a participant in the plan, you are entitled to certain rights and protections under the *Employee Retirement Income Security Act of 1974 (ERISA)*.

## Receive Information about Your Plan and Benefits

You are entitled to examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series), if applicable, filed by the plan with the *U.S. Department of Labor* and available at the *Public Disclosure Room* of the *Employee Benefits Security Administration*.

You are entitled to get, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), if applicable and updated *Summary Plan Description*. The Plan Administrator may make a reasonable charge for the copies.

## Continue Group Health Plan Coverage

You are entitled to continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan due to a qualifying event. You or your Dependents may have to pay for such coverage. The Plan Sponsor is responsible for providing you notice of your *Consolidated Omnibus Budget Reconciliation Act (COBRA)* continuation rights. Review the *Summary Plan Description* and the documents governing the plan on the rules governing your *COBRA* continuation coverage rights.

## Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, *ERISA* imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under *ERISA*.

## Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to get copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under *ERISA*, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$156 a day (subject to adjustment based on inflation) until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the *U.S. Department of Labor*, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.
